

**SPACE PATHFINDER**—This map shows by the heavy black line the path of Russia's earth satellite as tracked at present. Its orbit is thought to be an angle of 65 degrees to the equatorial plane and is expected to vary (light line) due to gravitational influences and the motions of the earth. (NEA Telephoto).

## State is Calling For Overhaul of Assessment Ways

ALBANY (AP)—A state advisory committee said today there were substantial inequities in local tax rolls. It called for a broad overhaul of assessment procedures.

The Assessment Advisory Committee to the state Board of Equalization and Assessment commented in its first report since its creation last year.

**Committee to Recommend**  
The 22-member committee was appointed to make recommendations for improvement of real property assessments. It comprises local and state public officials, businessmen, tax specialists and representatives of statewide organizations of local governments.

The committee said that, in 1956, local communities in New York State levied \$1,600,000,000 in real property taxes, equal to 79 per cent of local tax revenues.

"Mounting taxes," the panel (Continued on Page 6, Col. 2)

## Weekend Mishaps Claim 23 Lives

ALBANY (AP)—A teenage bride of less than 24 hours, was among 17 persons killed in weekend traffic accidents in New York State.

One accident took four lives. Two shootings and four deaths from other types of accidents raised the toll to 23.

The most serious accident took the lives of two young women and two men early Saturday.

They were riding in a car that crashed into an electric light pole. Lillian Whalen, 19, and Robert Pepper, 25, both of New York City, and Kay Connelly, 20, of Tappan, were killed in the crash.

Gerald Johnson, 20, of New York City, died in a hospital eight hours later.

Mrs. Merika Daly of Locust Valley, an 18-year-old bride of 24 hours, was killed yesterday when her husband's automobile and another car collided at Old Westbury. The couple was en route to La Guardia Field to board a plane for a honeymoon trip to Florida.

Caroline Ulsamer, a 12-year-old Girl Scout, was found hanged yesterday in the bedroom of her home at Guiderland, near Albany. State Police said the girl accidentally became caught in the loop of an improvised stirrup she had fashioned from a piece of rope. Troopers said the girl was believed to have slipped while using the stirrup to practice mounting a horse. One end of the rope was caught on a door hinge.

## Highland School Bought By State as Institution

ALBANY (AP)—The state is buying a former private school to house 140 boys committed as juvenile delinquents and is negotiating the purchase of another facility for use as a girls' training school.

**\$611,000 Project**  
Gov. Harriman said yesterday that \$325,000 would be paid for the former Raymond Rordian school for boys near Highland, Ulster County. It will cost an additional \$286,000 to convert it to training school use, he said.

The governor also said the state hoped to purchase Chester Crest, an 80-acre site in the town of Somers, Westchester County, to house 50 girls from the State Training School for Girls at Hudson.

## Japs Report Soviet Arctic Blast Last Atom Shot of '57 Series Is Fired Today

ATOMIC TEST SITE, Nev. (AP)—The Atomic Energy Commission today fired the 24th, and last, explosion of the 1957 test series.

Code-named Morgan, the final shot in the series was detonated from a balloon tethered 500 feet above the Yucca Flat desert test area.

The fiery, pre-dawn flash was visible for a few seconds in Las Vegas, 75 miles away. Observers on Angeles Peak, 45 miles from the detonation point, said the fireball lasted 12 to 15 seconds.

**Up 20,000 Feet**  
The mushroom cloud rose rapidly to 20,000 feet. It was tinged with pink after the brilliant yellow of the flash faded.

The AEC said the Morgan shot energy yield was below nominal or less than the equivalent of 20,000 tons of TNT.

Fifteen aircraft flew data-carrying missions. The AEC said there were no troops participating in the experiment.

Whether today's atomic blast is the last ever for the Nevada proving grounds is a matter of determination at high levels amid international discussions over ending nuclear tests.

The Morgan shot today was the (Continued on Page 6, Col. 7)

**Not Much Hope Held for Plevin In French Play**  
PARIS (AP)—Rene Plevin agreed today to try to form France's 24th postwar government. Few members of the National Assembly thought he would succeed.

President Rene Coty sent the presidential plane to Brittany for Plevin, who was vacationing at his home there.

Plevin was Coty's second choice to succeed Premier Maurice Bourgoin-Mauguin.

Guy Mollet, Socialist Party leader who was premier for 16 months until last May 22, went to the Elysee Palace last night and told Coty he could not form a government.

The socialists refuse to take part in any government which is not given special powers to fight inflation by price freezes and strict economic controls. Mollet apparently decided that there was no hope of his rallying enough support for this kind of a program.

Such measures are opposed by the center group of Independents, who helped defeat Bourgoin-Mauguin last Monday when it joined opponents of the government's Algeria home rule bill.

Plevin also was believed unlikely to muster the necessary majority in the National Assembly, although he is a skillful conciliator who twice served as premier, in 1950 and 1952.

**Needs Broad Coalition**  
He has the advantage of having kept carefully on the sidelines during the recent battles over Algeria and French economic policies. But in order to be chosen premier, he would have to put together a coalition broad enough to withstand the strong opposition of Communists on the extreme left and Pouladists on the extreme right. If any large center groups opposed him, his task would be hopeless.

Plevin is a member of the small Democratic and Socialist Union of Resistance, slightly left of center in the 15-party National Assembly. The UDSR has held an influence far out of proportion to its size because it often has held the balance of power.

The property has been occupied by the New York Christian Home for Interim care and the Keswick Colony of Mercy. Additional facilities were needed because of an increase in the number of young persons committed to institutions and a decrease in the number that can be accommodated at private institutions.

The Ulster County site will be operated as an annex to the Otisville School for Boys, Orange County.

Harriman also announced that improvements would be made at three existing facilities.

The state is negotiating with New York City for purchase of the Otisville School property, operated by the state on a temporary basis since May 1955.

# Hope Is Russians Will Share Satellite's Secret Findings

## Reconciliation Prayers Due

## Little Rock School Is Calm, Watch Continues

LITTLE ROCK (AP)—The third week of army-enforced integration began quietly at Central High School today.

The only evidence of abnormal conditions at the big high school, where nine Negro students attend

classes under federal order, was patrolling soldiers.

**Only One Incident**  
About 30 armed soldiers, spaced at intervals, walked slowly along the sidewalks around the four-block campus, maintaining the vigil that began Sept. 24 with the arrival of units of the 101st Airborne Division. Except for a fracas Friday night in which a white youth reported he was knocked down by a paratrooper's rifle butt, the weekend at the school passed without incident.

Apparently presence of the sometimes grim, always tightly disciplined crack regulars was sufficient to calm school corridor restlessness.

**U. S. Satellite Leader Calm on Red Achievement**  
WASHINGTON (AP)—Dr. John P. Hagen, a calm, easygoing scientist whose serene attitude about the whole thing astonishes associates, needs all the even temper he can muster for the difficult project.

Hagen is head of "Project Vanguard," the U. S. effort to learn the secrets of space by rocketing tiny, instrument-crammed baby moons out of the earth's atmosphere and into orbits around the earth.

**Not Disturbed**  
The fact that the Russians already have done this very thing doesn't disturb Hagen.

He told the nation in a weekend television interview that the United States isn't and hasn't been trying to beat Russia to the punch.

Last December, Hagen said "we are only racing with our own schedule."

**Set for New Year**  
That schedule calls for speeding a series of baby moons out of the earth's atmosphere, where, it is hoped, they will assume orbits and begin sending vital information to watching the listening observers on the ground. The first fully equipped U. S. satellite is expected to be launched early next year.

The whole thing is a part of the 18-month observance of the International Geophysical Year, a concerted, worldwide drive under way since July 1 to learn more (Continued on Page 6, Col. 3)

## All Merchants, Manufacturers Invited to Tuesday Workshop

Local and area merchants and manufacturers are invited to attend the Business Workshop sessions at the Governor Clinton Hotel tomorrow although they may not have made reservations for the noon luncheon.

The workshop is divided into two separate sessions, one for retailers and service type businesses and the other for manufacturers. Registration starts at 9 a. m. in the hotel and both sessions will start promptly at 9:30 a. m. with a coffee break at 10:15.

This last minute reminder was announced today by Lawrence A. Quilty, chairman of the special committee of the Kingston Area Chamber of Commerce, sponsors of the workshop in cooperation with the State Department of Commerce. Complete details of the workshop were published in Saturday's Freeman.

This special all-day workshop was arranged as a direct service to businessmen and manufacturers of Dutchess and Ulster counties to help them solve some of the complex business problems faced today. Admission is absolutely free. The only charge is for the luncheon.

**RESCUES 100th ANNIVERSARY**—At the 100th anniversary dinner for members and guests Sunday, City Historian Joseph F. Sullivan saluted the proud history of Rescue Hook and Ladder Company No. 2 and other speakers at the event in Ray's Riverside Rest on Ferry Street, paid tribute to the volunteer fire fighters. The social climaxed a week of celebrating the centennial toward which the Ladies Auxiliary donated \$500. Seated (l-r) the Rev. Alfred Glancy, St. Joseph's Church; Mrs. John Wolf, president of the Ladies' Auxiliary, who presented the check; John M. Wolf, president of Rescue Company, and Joseph F. Sullivan, guest speaker; (standing) Anthony Delisio, Haverstraw, field representative of Fire Bureau of New York State; Joseph L. Murphy, retired Kingston fire chief, now president of Ulster County Volunteer Firemen's Association; Supervisor Thomas F. Coughlin, Seventh ward, chairman of 100th anniversary committee; Alderman-at-large John J. Schwenk and the Rev. Dr. Frank L. Collinick, fire chaplain and pastor of Trinity Lutheran Church. (Freeman photo).

**TWO DIFFERENT WORLDS**—Russia's Foreign Minister Andrei Gromyko shook hands with U. S. Secretary John Foster Dulles after their meeting at Dulles' home in Washington. Gromyko later told reporters they'd had a "useful conversation on international questions." (NEA Telephoto).

## Pleads Guilty to 17 Counts

## Rose to Be Sentenced In New York Oct. 29th

NEW YORK (AP)—William R. Rose, former president of the Home National Bank of Ellenville, pleaded guilty today in federal court to a 17-count indictment for misapplication of bank funds.

The defendant withdrew his previous plea of innocent as his trial was scheduled to start before Judge Edward Weinfeld.

Rose was released in \$25,000 bail pending pronouncement of sentence Oct. 29.

**Could Get 85 Years**  
Maximum penalties possible under the indictment are \$90,000 in fines and prison terms totalling 85 years.

Meanwhile, the trial against co-defendants in the case proceeded. They include Jose Di Gandia, 42, of Cragmoor, president of the Anjopa Paper Mfg. Co. Inc.; Mrs. Margaret Brush, 30, of Accord, bookkeeper of Anjopa; the paper company, the Community Television Corp., and the Dica Paper Mfg. Co. Inc.

## Two Snyders Are Slashed Sunday, Po'keepsian Held

A Poughkeepsie man, charged with slashing two brothers with a knife here early Sunday was picked up at Gardiner through cooperation of local police and the sheriff's men a few hours after the assault was reported.

Badly slashed on the face, forehead and chest, was Donald Snyder, 31, of 28 East Union Street. His brother, Theron Snyder, of 613 Broadway, who went to his aid in the fight, was slashed on the upper left arm, police said.

**Case up on Tuesday**  
Police were notified of the assault at 2:18 a. m., and at 1:15 p. m., a report noted the arrest of George Green, 28, of 70 Jefferson Street, Poughkeepsie, on a second degree assault charge.

City Judge Raymond J. Mino today put the case over until Tuesday to permit the defendant time to obtain counsel.

The first police report said that Donald Snyder had suffered 41 slash wounds; eight on the forehead, 22 on the face and 11 on the chest. He also had cuts of the left wrist. Heavy loss of blood, it was reported, required transfusions.

**'Fairly Good' Today**  
The condition of Donald was reported as "fairly good" at (Continued on Page 2, Col. 6)

## Data Not Given Out Up to Now

## Great Scientific Values Claimed

WASHINGTON (AP)—American scientists, reporting headway in efforts to fix the orbit of Russia's high-flying space satellite, hoped today the Soviets will share with them any of nature's secrets it may unlock.

Meanwhile, visual sightings of the Russian baby moon—rocketing along at about 18,000 miles an hour—were announced in Russia and the United States. One American specialist said the Soviet space vehicle, launched Friday, passes over the United States about six times every 24 hours, on a north-south course.

**Keep Information Secret**  
Radio Moscow, in a broadcast for home listeners, said last night the 23-inch space vehicle has already yielded information which it said is "of great scientific value." The broadcast did not say what this information involved.

Some U. S. scientists said the satellite apparently was sending back a coded signal, and they voiced the hope the Russians would let them in on the code, so they can share in any information obtained from the baby moon's flight hundreds of miles in space.

One Russian expert said there is no special code in signals coming from the Soviet baby moon.

**Nations Cooperating**  
The satellite project is part of the program of the International Geophysical Year. This is a project aimed at learning more about the earth and the universe. Most of the nations, including Russia, are cooperating in the intensive research program which began three months ago and is scheduled to run through 1958.

Dr. John P. Hagen, director of the American satellite project, said U. S. plans still call for launching small test vehicles later this fall, with the firing of full-scale 20-inch satellites in the spring. The American satellite is planned to weigh about 22 pounds, compared with the reported 185 pounder the Russians shot into space Friday.

**Calls It Test Vehicle**  
Hagen said the Soviet satellite appears to be a test vehicle. He said this explains the lack of any advance announcement by the Russians.

Backing for this view came in statements by Prof. A. A. Blagon (Continued on Page 6, Col. 2)

## Up-to-Date Local History Course Offered by Rigby

A course in local history is being offered now by the Kingston Board of Education—"Know Your Community."

It is included in the adult education program directed by Hubert Hoderath, who said the instructor would be Harry Rigby Jr. considered one of the best informed persons concerning this area.

Hoderath said registration will be held tonight at 7 o'clock for the course commencing October 14 and extending through December 9.

Classes in "Know Your Community" will be held Mondays at 7 p. m. in Kingston High School.

**Basis for Course**  
Rigby, named Ulster County chairman for the Hudson-Champlain celebration in 1959, said the course is based on the premise that to appreciate your own hometown requires an intimate knowledge of what has shaped it into the town of today and what the trends forecast for tomorrow.

He stressed that to know these things about the town makes living in it more profitable and prosperous.

**Selected By Governor**  
His recognized knowledge of Kingston and sectional history was a factor in his appointment by Governor Harrington as local chairman for the 1959 celebration which will feature the Hudson Valley and Lake Champlain territories.

These two areas have played a major part in the history of New York State from its earliest days.

**Prominent Over 300 Years**  
According to Rigby the City of Kingston and its environs have received more public attention than most cities many times its size for the past 300 years.

He said most of the traits which are regarded as typically American received their impetus in Kingston and the Hudson Valley.

And there are historical facts to prove this, he stressed.

**Cradle of Progress**  
Rigby contends the Hudson Valley was the cradle and testing ground for the America that has emerged as today's leading power of the world.

"This is rightfully a matter for civic pride," he declared, "but even more important, knowledge of these facts sets up a local set of standards for Kingstonians to adhere to, now and in the future."

**Folklore Included**  
While a portion of the course will be historical in nature, yet it is proposed to deal fully with present conditions. There is a wealth of detail on today's Kingston, unknown to the average citizen, knowledge of which will make this a more enjoyable city in which to live. Anecdotes, folklore, and area traditions will live on the course and portray most vividly the motivations that make a Kingstonian different from any other city's resident.

(Continued on Page 6, Col. 5)

## Teamsters Start Hard Road With Accused Hoffa Leading

MIAMI BEACH, Fla. (AP)—The Teamsters Union, with president-elect James Hoffa at the wheel, headed out on a rocky road today in the wake of a convention held under fire.

Pending in federal courts at Washington is an effort by New York rank and file teamsters members to discredit the acts of the convention on claims of "rigged" voting delegations.

The AFL-CIO council meets in New York Oct. 24. It had warned the convention under pain of expulsion not to elect Hoffa, and said both Hoffa and retiring Pres-

ident Dave Beck were unfit to stay in organized labor.

**Prepares for Fight**  
If the council suspends the million and a half member teamsters convention expels the Teamsters at its Atlantic City convention Dec. 5, Hoffa has made preparations for a court fight to block the ouster.

Hoffa himself faces charges of wire-tapping, conspiracy and perjury in New York federal courts Oct. 15.

That is the same day the 44-year-old Detroit labor leader was most vividly the motivations that make a Kingstonian different from any other city's resident.

## Eugene Yates, 76, Dies; Was Figure In Power Dispute

NEW YORK (AP)—A funeral service for Eugene Adams Yates, a public utilities executive who was a central figure in the Dixon-Yates controversy, will be held at 10:30 a. m. tomorrow at St. James Protestant Episcopal Church.

Yates, 76, died Saturday night in his Park Avenue apartment. Yates was head of the Southern Co. This concern and Middle South Utilities, headed by Edgar H. Dixon, organized the Mississippi Valley Generating Co. to build a 107-million-dollar power plant at West Memphis, Ark.

The plan became a political issue in the 1956 presidential campaign and President Eisenhower finally ordered its cancellation. Some opponents of the so-called Dixon-Yates contract saw in the contract an attempt to have private companies provide power for the TVA in an effort to at least cripple the massive New Deal project.

### DIED

**KWASNIK**—Anthony on Monday October 7, 1957, of 46 Jarrod St.

Funeral arrangements will be announced later.

**MONACO**—at Shokan, N. Y. Sunday October 6, 1957. Irene E. Monaco, mother of Edward H. Herbert R., and Miles H. Monaco.

Funeral services at Ashokan Methodist Church Tuesday October 8, at 2 p. m. Interment in Flushing Cemetery, Flushing, Long Island. Friends may call at Lasher Funeral Home, Woodstock this evening between 7 & 9 p. m.

**PENNEY**—Entered into rest, Saturday, October 5, 1957, at Westport, Conn. Miss Mary E. Penney, formerly of Kingston and Plainfield, N. J., cousin of Miss Mary E. Kelly, Miss Nell and Miss Elizabeth McGrath, Miss Anna and Miss Elizabeth Desmond.

Relatives and friends are invited to attend the funeral from the Jensen and Deegan Funeral Home, 15 Downs Street, Tuesday at 9 o'clock and 9:30 o'clock at St. Joseph's Church, where a high Mass of requiem will be offered for the repose of her soul. Interment in St. Mary's Cemetery. Friends may call at the chapel from 2 to 4 and 7 to 9 Sunday and Monday.

**WOLF**—In this city, October 4, 1957, Anna C. Wolf, sister of Mrs. Fred Yunker, Mrs. Otto Heuser and William Wolf.

Friends may call at the Francis N. Walker Funeral Home, 8734 80th Street, Woodhaven, Long Island, where funeral services will be held Tuesday at 2 p. m. Interment in Lutheran Cemetery, Middle Village, Long Island.

### MEMORIAM

In loving memory of our father, Giacomo (John) Liccardo, who passed away one year ago today, Oct. 7, 1956.

Many a lonely heartache  
Offer a silent prayer  
To the heavenly memory  
Of the one we loved so dear.

## Bulletin

### Tempelaar Indicted

Harry T. Tempelaar, 30, of 143 Clinton Avenue, a suspended officer of the Kingston Police Department, was arraigned in County Court this afternoon under sealed indictment on a charge of criminally receiving stolen property and unlawful entry.

The indictment charges entrance to the Royal Tire Store, Railroad Avenue, on July 26 and Herzog's store in October, 1956.

### Local Death Record

#### Herbert B. Tholin

Funeral services for Herbert B. Tholin of Gurney Street, Port Ewen, who died Wednesday night, were held Saturday at 2 p. m. at Sweet and Keyser Funeral Home, 167 Tremper Avenue. The Rev. Harry Christiana, pastor of Port Ewen Reformed Church officiated. Many floral tributes were received. Burial was in Riverview Cemetery, Port Ewen. Bearers were: Robert Steeger, Clarence Schryver, Martin Nilan and Robert Werner.

#### Mrs. Irene E. Monaco

Mrs. Irene E. Monaco, 63, died at her home in Shokan Sunday after a brief illness. Mrs. Monaco had been a summer resident of that area for the past 35 years prior to permanently settling there. Surviving are three sons, Edward H. and Miles H. Monaco, both of Brooklyn and Herbert R. Monaco of Bayshore, L. I.; also 10 grandchildren. Funeral services will be held at Ashokan Methodist Church Tuesday at 2 p. m. The Rev. Richard R. Guice, pastor will officiate. Burial will be in Flushing Cemetery, Flushing, L. I. Friends may call at Lasher Funeral Home, Woodstock this evening between 7 and 9 o'clock.

#### David Stokes

David Stokes, 80, of Lake Mohonk Farms, New Paltz, died this morning in Kingston Hospital after a short illness. He was a farmer with the Smileys of Lake Mohonk for 50 years. Mr. Stokes was a son of the late James and Jane Stokes and was born in the Town of New Paltz. He was a member of New Paltz Methodist Church. Surviving are his wife, the former, Laura Rosenkrantz; six sons, the Rev. Emory Stokes of Dallas, Pa.; Chester Stokes of New Paltz; Bert Stokes of St. Remy; Vernon Stokes of Bedford Village; Lloyd Stokes of New Paltz; and Mason Stokes of West Chazy; a sister, Mrs. Alice Fredricka of Kingston; also 10 grandchildren and several nieces and nephews. Funeral services will be held Thursday at 2 p. m. at New Paltz Methodist Church with the Rev. Willett Porter, officiating. Burial will be in Rosendale Plain Cemetery. Friends may call at Pine Funeral Home, New Paltz Tuesday and Wednesday afternoon and evening.

## Highway Heads Will Hold Dinner Oct. 17

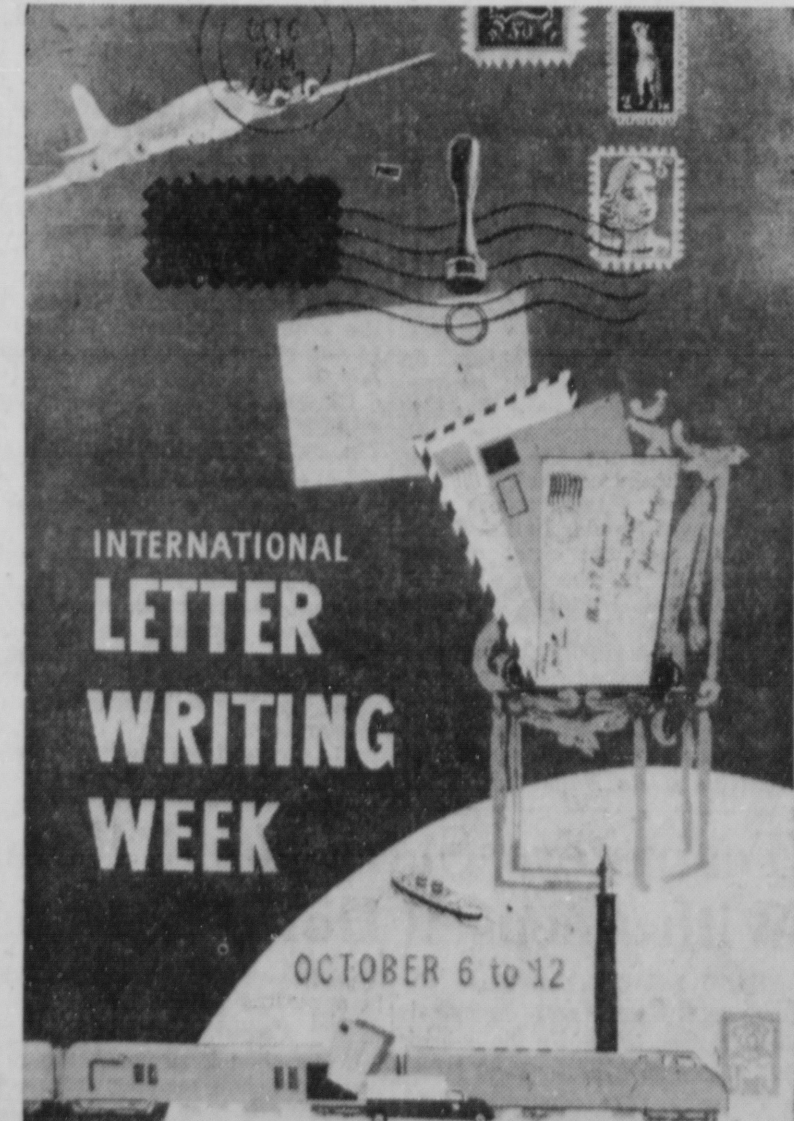

A dinner meeting of the Ulster County Association of Town Superintendents of Highways will be held at the Capri Restaurant, Port Ewen, on Thursday, October 17, at 6:45 p. m. It was announced today by George Fitchner, president of the county association.

It is expected a speaker from the New York State Association will be present and that Assemblyman Kenneth L. Wilson of Woodstock, will also be a speaker.

An invitation has been extended to Senator Dr. E. Ogden Bush and Congressman J. Ernest Wharton as well as other prominent local residents.

### Eye-Opener

MEMPHIS, (AP)—Sign on a Memphis plastering company's truck: Expert Plastering. Will Crumble & Son.

**WRITE IS RIGHT**—"A personal letter is, next to an actual visit, the most intimate means we have of communicating with our fellow human beings. . . I urge all citizens to take an active part in the 'People-to-People' program by corresponding with individuals in other countries." So says, in part, a letter by Postmaster General Arthur Summerfield announcing U.S. participation in the first International Letter Writing Week, Oct. 6-12, 1957. The Universal Postal Union, founded in 1874, has requested all 96 member countries to participate in the observance which will pay tribute to the postal systems of the world and their contribution to better world understanding through person-to-person communications.

## Sees No Urgency On Constitution Convention in '59

Corporation Counsel James Abernethy, a member of the Empire State Chamber of Commerce Constitutional Convention Committee, attended a meeting of that committee in New York City at the Hotel Biltmore, held recently.

The committee of the Empire State Chamber of Commerce, after a thorough analysis of the testimony produced at the three public hearings at Albany, Buffalo and New York City, conducted by the New York State Temporary Commission on the Constitutional Convention, was in agreement that it could find no urgency for the holding of a Constitutional Convention in 1959.

### Note Legislative Pace

Although many special interest groups have raised constitutional questions, a review of the Legislature has given, or is giving those issues its attention. The committee was of the opinion that the legislative process for amending the Constitution which have brought about fifty amendments in twenty years, have kept pace with the need for changes.

It was pointed out, Mr. Abernethy said, that the opportunity as provided by the Constitution for the electorate to review every twenty years whether it wishes to have a Constitutional Convention, served a useful purpose.

Groups interested in good government including the Empire State Chamber of Commerce, must necessarily review the changes that have been made in the Constitution during the last 20 year period and the problems now facing us, so that a determination could be made whether a Convention should be voted. In the opinion of the Empire State Chamber's own committee, such a review has not indicated the need for a Convention.

### Issues Discussed

The issues to which the Empire State Chamber's committee devoted most of its energies were: Can the Constitution be Simplified and Streamlined? Can the Meaning of Home Rule be more clearly defined? Elimination of Local Debt and Real Estate Tax Limits.

Constitutional Changes Affecting the Judiciary, Legislative Apportionment and Procedures, Education and Fiscal Independence of big City Schools. Proposed changes in State Government and Public Safety. The committee pointed out that although it is concerned about the cost of the Constitutional Convention, which has been estimated at upwards of \$5,000,000, this was not a decisive factor in the decision of the committee, Abernethy said.

### Bruin Beats A Retreat

GRAND MARAIS, Minn., (AP)—Bedtime bear stories: A loud crash woke Herman Hendrickson out of a deep sleep. He found himself face to face with a bear. Bruin, somewhat startled himself, went out where the door had been. Hendrickson found the door ripped from its hinges. When Mrs. Russell Gunderson walked into her bedroom to retire for the night she found a bear sitting on her bed. While Mrs. Gunderson raced to a neighbor for help, the bear left through a screened window, knocking over furniture enroute.

Poultry giblets include the heart and gizzard of the bird. They can be used along with the neck and wing tips for stock.

When you are buying a waste basket for your kitchen, look for one that has no grooves so cleaning will be easy.

**ACCUSED SLASHER IN CUSTODY**—George Green, 28, of 70 Jefferson Street, Poughkeepsie, charged with slashing two brothers with a knife here early Sunday was picked up at Gardiner within a few hours after

the alleged assault by local police and sheriff's men. At police headquarters after the arrest are shown (l-r) Deputy Sheriff Arthur Roland, Green, Lt. Grover Hoffay, and Deputy Sheriff Charles McCullough.

**ROYAL VISIT**—Newsmag shows the itinerary for the visit of Queen Elizabeth II and Prince Philip, to Canada and the United States. The royal couple will leave London by air on Oct. 12 and arrive in Ottawa, Canada, the same day. After a four-day stay in Ottawa they will fly to Williamsburg, Va., for a one-day stay. Then on to Washington where they will be the guests of President and Mrs. Eisenhower at the White House for four days. From Washington they will travel by train to New York. After a day and a half in the nation's largest city they will fly home to London. While in Washington they will journey to nearby College Park, Md., to watch the University of Maryland-University of North Carolina football game. Highlights of their New York visit will be a ticker-tape parade up lower Broadway and the Queen's address to the U.N. General Assembly.

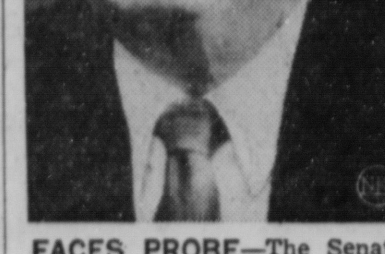

## Mid-East Power Fight Dangerous, Israel Tells U.N.

UNITED NATIONS (AP)—Israel told the U. N. today that great-power rivalry for control of the Middle East is creating a deadly spiral toward a destructive war. Israel's foreign minister, Mr. Golda Meir, declared in a policy speech before the 82-nation General Assembly that both the western powers and the Soviet Union were pouring offensive weapons into the Arab countries.

This, she said, created "a special and unique danger" for Israel by increasing the armed "strength of those very states which openly and repeatedly express their intention of attacking and destroying Israel."

Mrs. Meir made a new bid for peace with the Arabs, but at the same time declared that Israel "is here to stay" even if it has to fight to survive.

"It remains ever ready to defend itself, if attacked," she asserted, "but it has never had and has now no aggressive intentions or designs against the independence or integrity of any of its neighbors."

**FACES PROBE**—The Senate Labor Rackets Committee will open hearings on Oct. 21, in Washington, on the activities of Nathan W. Shefferman, above, a labor relations consultant. Shefferman, a resident of Chicago, testified earlier before the committee that he used union funds to buy more than \$85,000 worth of personal goods for retiring Teamsters Union President Dave Beck and his family.

## Christofora Gets One Year in Jail

Michael Christofora, 20, of 54 Yeoman Street, was sentenced to one year in the Ulster County jail this afternoon on a plea of guilty to third degree assault involving a 17-year-old girl.

The first count in the indictment, first degree rape, was dismissed. Attorney Joseph Avic represented Christofora.

The one-year sentence is the maximum which can be imposed on third degree assault.

Court was adjourned until Wednesday at 10 a. m. when Donald Degroat, 24, of 87 Park Street, and Peter Ferraro, 16, of 17 Liberty Street, will be sentenced.

A verdict of guilty first degree rape and assault was returned late Friday night against Degroat and Ferraro, who were charged with an attack on Katherine Christiana, 17, of 116 Wilbur Avenue on July 25.

The three men, along with two others, Floyd Embree, 23, of 209 Greenkill Avenue, and Anthony Cecelia, 19, of 56 Sycamore Street, were charged by the grand jury with an attack on the girl at Greenkill Park on the night of July 25.

Trial of the Embree and Cecelia case is pending.

Bricks of tea weighing five and one-half pounds often pass for currency in Tibet.

## Highland State Police Busy With Weekend Car Mishaps

Highland state police spent a particularly busy weekend which included investigations of two mishaps involving pedestrians, one involving an eight-year-old boy on a bicycle, nine property - damage automobile accidents and several arrests.

The two pedestrians struck by cars were Salvador Paporto, 71, of Highland, and Frances Cobbs, 27, of Newburgh.

Paporto reportedly suffered shock, a fractured right leg, right forearm and right ribs, possible fracture of the skull and contusion of the liver. He was reported fair this morning at St. Francis Hospital, Poughkeepsie.

Miss Cobbs suffered multiple fractures of the right leg and right arm. She was reported in satisfactory condition at Vassar Bros. Hospital, Poughkeepsie.

### Crossing Highway

Paporto was struck by a car on Route 9W in front of the Mid-Hudson Fruit Stand a mile north of Highland Circle at 11:45 a. m. Saturday, according to state police.

Trooper J. F. Franke said Paporto was crossing the highway from west to east when struck in the northbound lane by a car operated by Luciano Mastrocola, 43, of Richmond Hill. Mastrocola was proceeding north at the time on a right curve.

Miss Cobbs was struck on Route 9W at Milton about 7:30 p. m. Saturday by a car operated by George Tokar, 23, of Newburgh, according to Troopers Wallace Mahan and A. W. Scrima.

### Car Was Parked

They said the Tokar vehicle was proceeding south on 9W when it hit Miss Cobbs, then swung to the west and struck a car operated by Tamie Newkirk, 32, of Milton. The Newkirk car was stopped facing south off the pavement.

Anthony Andola, 8, of North Road, Milton, suffered a laceration of the left leg and a bruised right arm early Sunday morning when his bicycle was struck as he came out of a driveway into North Road.

The car, operated by Edward Matthews, 20, of Milton, was proceeding south at the time. Troopers Mahan and Scrima investigated.

Anthony Giaccone, 59, of Highland suffered a fracture of the right wrist early Sunday night when his car was in collision with a bus at the intersection of Route 9W and North road in Milton.

### Slowed for Stop

Troopers Mahan and Scrima reported that the bus, owned by Mountain View Coach Line and operated by John Radcliffe, 35, of Highland, was traveling south on Route 9W when it slowed for a stop. It was struck in the rear by a car operated by Giaccone.

None of the 33 passengers on the bus was hurt, according to state police. Time of the accident was listed as 8:15 p. m.

There were two arrests for traffic violations. A third arrest is reportedly pending.

Anne Truax, 32, of Poughkeepsie, was arrested by Trooper Franke at 2:30 p. m. Saturday on a charge of leaving the scene of an accident following a two-car collision at the Western approach to the Mid-Hudson bridge.

A car operated by Nedra Owens, 17, of Whitesboro, was proceeding east on Route 44-55, approaching the western end of the bridge, when it was in collision with the Truax car, traveling west off the bridge. The

Truax vehicle reportedly struck the Owens car in the left side. Anne Truax was released in \$109 bail pending an appearance Oct. 18 before Justice of the Peace Patsy Conforti of Highland.

A summons was issued to Carlton Beach, 20, of High Falls, for changing lanes unsafely following a two-car collision at the intersection of Route 299 and Kisor road between New Paltz and Highland at 2:10 p. m. Saturday. No date was set for a hearing.

A car operated by Malcolm Lewis, 50, of Oakland, N. J., was proceeding east when it started to turn into a side road and was struck in the left rear by the Beach car, according to state police.

### Arrest Pending

An arrest is reportedly pending in a one-car mishap at 10 p. m. Saturday on Plattekill turnpike, according to troopers.

Troopers Mahan and Scrima reported that a car operated by William Ford, 31, of Milton, was proceeding north on the turnpike and that after crossing Route 44-55 it left the road and plunged into the lawn of a private home.

## Faubus Suggests WACs on Detail

LITTLE ROCK (AP)—Gov. Orval Faubus today accused federal troops at integrated Central High School of following girl students into their dressing room.

In a letter to Maj. Gen. Edwin A. Walker, commander of all troops in the area, Faubus said: "If you do not see fit to change this policy, and regard this type of action as necessary to carry out your mission of integrating Central High School, then may I suggest that you request of President Eisenhower, Atty. Gen. Brownell and the secretary of defense a certain number of members of the Women's Army Corps."

There was no immediate comment from Walker.

### Deaths

By The Associated Press

NEW YORK (AP)—Eugene A. Yates, 76, board chairman of The Southern Co. and leading private-power executive whose name became prominent during the Dixon-Yates controversy, died Saturday.

PAINEVILLE, Ohio (AP)—Leonard Colton Hanna Jr., 67, millionaire philanthropist and art patron, died Saturday. He was a director of the M. A. Hanna & Co., an iron ore and coal firm organized by his father and other members of the Hanna family in 1855.

NEW YORK (AP)—George Baker St. George, 65, retired coal company president and husband of U. S. Rep. Katharine St. George (R-NY), died Saturday. He was born in Dublin, Ireland.

NEW YORK (AP)—William Peperele Montague, 58, editor-in-chief of Hearst Metro News, died Saturday. He was newsreel editor of Paramount News for 20 years and in World War II served as overseas editor for the Office of War Information.

ATLANTA (AP)—Paul Clendening, 90, former Illinois newspaperman, died Friday. He had lived in Atlanta about 35 years and had contributed articles, stories and poems to several religious magazines.

Gabriel Daniel Fahrenheit, after whom the thermometric scale is named, was a German physicist.

## Jewish Center Opens Saturday Series on Oct. 12

The adult activities program of the Jewish Community Center will offer the opening presentation of the Saturday night series October 12 at 9 p. m.

The program will include the Israeli folk dance team of Tzipi and Carl Kossow who will demonstrate and lead a feature "Cafe Israel" in the newly redecorated International Room of the center. New families to the

Kingston Jewish community will also be welcomed.

### Holiday Refreshments

Refreshments of the holiday of the harvest will be served. Not only will traditional foods be served, but also the new arrivals from various lands and their contributions to Israeli folk ways and foods will be included.

The International Room has been decorated in cafe style in preparation for the opening program. Travel posters from the Greenwald Travel Agency and creative ideas by Mrs. Harry Gold and her committee will add to the distinctive continental flavor of the program.

Additional entertainment will be offered by singers of contemporary and folk music with guitar accompaniment and selected recordings both old and new from the collection of Samuel Glassner.

Chairman of the evening's program is Mrs. Norman Reamer. Serving with her will be a group of men and women of the center and a committee of the B'nai B'rith women.

All new residents of the area are invited to call the Jewish Community Center Hospitality Committee, Mrs. Reamer, chairman; Mrs. Merrill Stone or the Center office. Reservations and information may be secured by calling any of the above.

### The World Today

## Will U. S. Allies Be Influenced by Satellite First?

By ED CREAGH

WASHINGTON (AP)—"Beep... beep... beep... beep..." This is the sound of the future. And, at the moment, it has a Russian accent.

Around the world in about an hour and half goes the Soviet moonlet. Constantly its radio transmitter sends back that hunting telltale beep.

The Russians are busy kissing their own reflections in mirrors over their triumph in being first with the satellite.

How come we weren't, after all the talking U. S. officials did about big plans for satellites?

Already there is the usual demand for an investigation. Sen. Symington (D-Mo) wants the Senate Armed Services Committee to call in defense officials and scientists for questioning. "This is a very serious matter that cannot be laughed off," Symington says.

### Nobody Laughing

Nobody has been heard laughing.

There is official pooh-poohing, however. White House Press Secretary James C. Hagerty shows no dismay that the Russians successfully launched the first artificial moon. "We never thought of our program as one which was in a race with the Soviets," Hagerty says.

But the Russians obviously thought they were in a race and proceeded to win it. It isn't so hard to win a race when your opponent didn't hear the starting gun.

### Disturbing Questions

Scientifically, it may not matter that the Russians were first with a missile powerful enough to plant a beach ball-sized sphere more than 500 miles in the air. This country's satellite project is known to be well along and presumably can catch up. But disturbing questions arise in other fields:

1. What does the rest of the world think? The Soviet satellites (of the earth-bound variety, that

is) are happily trumpeting that Russia has taken over world leadership in research and development. What effect will this have on American allies, to say nothing of the "neutral" bloc?

2. Is this country devoting enough attention to science and engineering? Many educators and others have long contended that we are not—that the Soviets are forging ahead of us. Will the dramatic launching of the man-made moon force us to answer the question to our complete satisfaction, and will we get moving if we find we have been losing ground?

3. What happens next? We'll try to get our own satellite off the ground of course, at our relatively leisurely pace. What then? The Russians are talking already of travel to the moon. Some of our people are too. An editor of "Missiles and Rockets" magazine says we could plant a missile on the moon in two months at a cost of less than \$200,000. Does he know what he's talking about? Is the government trying to find out?

It would answer a good many questions of this sort if the American people, squinting into the sun for a glimpse of the man-made moon, had a detailed report from their government on just what has happened and what is being done about it.

## Fall Conference Of Missionary Union Scheduled

The annual fall conference of the Missionary Union Classis of Ulster, will be held Wednesday, Oct. 16 at Rosendale Reformed Church, Main Street, Rosendale.

The morning session will begin at 10:30 and luncheon will be served at noon.

Mrs. Lee Crandall will speak on "Africa." The Rev. Jacob Blaauw will talk on "Canada."

Those interested in missionary work and members of the societies are welcome to attend.

## 4 Firemen Are Burned In R. I. Demonstration

WARWICK, R. I. (AP)—Four fire-fighters were burned yesterday while giving a public firefighting demonstration to mark the start of Fire Prevention Week.

They were showing how to control an oil fire when a wind gust sprayed burning oil on them.

William Crosley, 34, was hospitalized with serious burns on the face and arms. The other three were less seriously hurt.

## Guns Are Ordered To Repel Attempts At Integration

UNION, S. C. (AP)—Union County legislators say they have ordered sub-machine guns "to repel any invasion by federal troops" bent on enforcing integration orders.

State Sen. John D. Long of Union, said yesterday the weapons, for the Union County sheriff and his eight deputies, are to be used to "repel any invasion by federal troops or anyone else violating our laws."

Long explained that by "our laws," he meant county school law and other county and state laws calling for separation of whites and Negroes in schools and elsewhere.

### Legal Loophole Plugged

MIDDLETOWN, Ohio, (AP)—Middletown law officers wanting to charge an inmate with breaking out of jail ran into a problem—there was no law against

breaking out of the city jail. They finally charged the escapee with destruction of city property—he broke a window in his escape—and city fathers promptly adopted an ordinance plugging the embarrassing legal loophole.

KINGSTON, NEW YORK, OCTOBER 7, 1957

## REGISTER THIS WEEK

Friday and Saturday of this week are the first two registration days in the City of Kingston for the general election to be held November 5. Hours of registration will be from 10 a. m. to 10 p. m.

The two final days of registration will be held next week on Friday and Saturday, October 18 and 19. The polls will be open Friday, October 18 from 10 a. m. to 10 p. m. and on Saturday, October 19, the final day, from 7 a. m. to 10 p. m.

Kingston residents who fail to go to the polls and register one of these four days will be unable to vote in the general election.

In Ulster County outside the City of Kingston, registration will be on Saturday, October 12 and Saturday, October 19. Hours of registration in the county will be from 7 a. m. to 10 p. m. on October 12 and from 1 p. m. to 10 p. m. on October 19.

This is an important election from a local standpoint. Candidates to be elected in Kingston are the mayor, alderman-at-large, city judge, supervisors and aldermen of the various sections of the city. The county offices to be filled are county clerk and county coroner.

There also will appear on the ballot the proposal for the appointment of a county administrator for Ulster county.

These offices are vital to all of us as they pertain to our own city units of government. Good government begins at home and the larger the vote the better is the chance that there will be good government on the local level for the next two years.

The right of suffrage should not be treated lightly or disregarded. The right of voting is one of the great privileges of American citizenship, a voice given to every citizen without question of his religion, his color or his means.

In addition there will appear on the top line of the voting machine an important question and six amendments on a state-wide basis. The question deals with the proposed constitutional convention. The amendments are No. 1, state university borrowing; No. 2, repayment of housing loans; No. 3, legalizing bingo; No. 4, town and village housing authority debts; No. 5, disposition of small forest preserve parcels; No. 6, highway improvements in forest preserves. You cannot vote in this election unless you register. A wise course is to make plans to register either this Friday or Saturday.

## JUST DRIVING AROUND

It is scarcely an original observation that the automobile, besides being a great convenience, has been the source of a lot of trouble. Perhaps it would be more accurate to say that the automobile has permitted people to get into a lot more trouble than they might ordinarily have encountered. The car-centered troubles have increased in recent years, if only because there are more cars available than there used to be.

One thing that comes instantly to mind in this connection is the custom, popular among teen-agers, of piling into a car and "just driving around." Too often, what ensues no more resembles an old-fashioned pleasure drive than a Roman chariot race resembles a jaunt in a horse-drawn buggy.

It may seem a bit old-maidish to deplore this custom, but it is not that at all. When a group of young people can find nothing better to do than "just drive around," there is a temptation for the driver to live things up by driving a little—or maybe quite a lot—too fast; perhaps he shows off his skill by passing another car with inches to spare, or whips sharply around a corner and gives the kids in the back seat a thrill. That kind of thrill, as the news stories and accident statistics show, is likely to wind up with someone in the hospital.

Teen-agers and cars are a combination that society is going to have to live with. The combination often is a bad one. Parental explanation and advice may improve the situation. Stricter enforcement of driving laws might take some of the thrill out

## 'These Days'

By GEORGE SOKOLSKY

### THE SOLE TEST

The sole test of the efficiency of the Post Office is the delivery of the mail, whether the mail arrives at a reasonable hour, whether it is properly distributed without sending somebody else's letters to you and yours to somebody else, whether it is delivered often enough to be reasonable. For the Post Office, operating in a period of inflation with rising costs in all departments, but in many respects inefficient because of statutory regulations, this poses a very serious problem in management.

Granted that all costs have gone up due to a government-made inflation, the Post Office in recent years has not proved itself to be as efficient as it has been in the memory of man. Where I live and work, we get one delivery a day. We used to get first three and then two deliveries. Most want to receive their mail before they go to work, which usually is about 8:30 a. m. Of course, those who only expect bills or circulars in the mail, do not care when they arrive, if ever. In our tenement we generally received the mail about 8 a. m., all delivered up to the eighth floor where I live. Because my mail is large, it was usually all wrapped in a bundle so that secondary selections by the elevator men was unnecessary.

As I write this, it is now 9:35 a. m. and the mail has not yet arrived. Upon inquiry I am told that it may not arrive before 10 a. m. or even 10:30 a. m. At any rate, the service isn't what it used to be.

No excuse is offered for the current inefficiency except that they are trying out some new experiment. What is actually amounts to is that for many who live in this house and similar houses in this neighborhood, the person receiving the mail may not see it until he returns from work in the early evening. It involves a change in the public habits, imposed by a Post Office that has somehow not been able to adjust itself to doing the business that it is called upon to do, although it is now headed by a businessman who has been remarkably successful in his own enterprise.

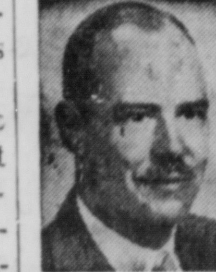

The management difficulties encountered by the Post Office arise from the high cost of operations due to the Post Office carrying more of a load than it can efficiently do and also to the fact that this agency of the government which should be fully mechanized remains antiquated in many respects. This is not the fault of whoever may be in charge of the entire system at the moment or of local postmasters or superintendents. It is the fault of a vast accumulation of acts of Congress, of an impractical and inefficient employment system, of inadequate mechanization and modernization, and losses incurred by the carrying of free mail for which there is no justification.

If the Post Office were properly managed as a business, it would carry no free mail. The government's mail cost ought to be charged to the department sending the mail and not to the Post Office. Also, Congress should pay its own expenses, including postage. Thus, the Post Office deficit could be reduced, although not the cost of government operations.

This is a futile suggestion and will not be accepted but when Post Office officials justify late deliveries by a recital of all their other troubles, the citizen is likely to put plugs in his ears because he ought really not to pay the slightest attention to the matter. The business of the Post Office is to deliver the mails, on time and in good order.

One excuse given for the superior mail service of London over New York is that the British Post Office makes enough money on the telephone system to overcome Post Office losses. But we, in the United States, have an efficient and competent telephone system which we do not wish to lose either to please a Postmaster General or to overcome a Post Office deficit. Therefore, the Post Office ought to operate efficiently despite its difficulties which are no greater than anybody else's who operates a business. Inflation has hit every walk of life and human beings go about doing the best they can despite faulty government policies. The Post Office ought to do at least as well now as during depressing and war years.

(Copyright, 1957, King Features Syndicate, Inc.)

## ★ Dr. Jordan Says ★

Hypertension, High Blood Pressure Are One and Same

By EDWIN P. JORDAN, M.D.  
Written for NEA Service

S. L. asks several questions which may serve as an introduction to a most important subject. "Is the word hypertension," she asks, "medical terminology for what laymen refer to as high blood pressure? Does it matter what causes the high blood pressure, that is kidneys, heart or nerves? Is it called high blood pressure regardless of the origin?"

The answer to the first question is that hypertension is the same as high blood pressure. It is extremely important to know what causes the high blood pressure and where it comes from. The symptom is called high blood pressure, regardless of origin.

High blood pressure cannot be considered as a single specific disease. There are several varieties. The outlook varies from person to person, and the management for each individual must be chosen with great care. In some cases the origin can be pretty well identified. In others the cause cannot be traced or is not known. This largest group of all is commonly known as essential hypertension.

**EVEN IN ESSENTIAL** hypertension, however, treatment offers a good deal of assistance. For example, some patients have been given a diet from which not only the sodium contained in salt is removed, but most of the sodium in the other foods.

The low-sodium diet is rather complicated to prepare and is not particularly palatable. But a drop in blood pressure often results. This treatment does not answer the entire question of hypertension. But at least the use of "low salt, low sodium" diets is valuable for some. The so-called rice diet is an example.

**AN OPERATION** called sympathectomy, in which certain nerves in the back near the spine are cut, has also been used. After these nerves are severed the blood vessels expand and are able to carry more blood. The blood pressure is lowered. This form of treatment has now been in use for selected patients for a good many years. The results have been remarkably good in many instances. It is not suitable for all patients with hypertension.

**IN ADDITION** to these measures, there are several drugs which are useful. One is the various preparations obtained from the root of a plant known as Rauwolfia serpentina. In certain kinds of hypertension the results from the use of this drug seem highly favorable. But like other methods today, it is not the final answer to the problem of high blood pressure.

One kind of essential hypertension is known as malignant because it progresses so rapidly. In this variety the outlook is poor. Every possible active measure has to be undertaken.

of burning gasoline merely to be doing something. But there is no magic formula. Thorough driver training, starting at an early age, would seem to be about the only feasible way of improving matters.

## "What Damsel in Distress?"

## Washington News

BY PETER EDSON  
NEA Washington Correspondent

Washington — (NEA) — Egypt and Poland today offer two tough tests on how far American private relief agencies should go in furnishing aid to people in countries under governments not cooperating with the U. S. under Communist domination.

U. S. State Department now has before it a proposal from CARE—the Cooperative for American Remittances to Everywhere—to resume shipment of food parcels to the underfed Egyptians.

There was a 45-million-dollar CARE program for Egypt up to the time the fighting started in November, 1956. Some relief shipments were continued for the Jewish refugees in Alexandria and the Gaza Strip. Otherwise, no U. S. relief supplies have gone into Egypt for nearly two years.

President Nasser wants most desperately to have American relief shipments resumed. There is no question of need. Millions of her people go hungry and sick, particularly the children.

**WHAT IS PROPOSED** is a new 70-million-dollar program. The supplies would come from U. S. farm supplies. They would be donated by the government, which would also pay ocean transportation costs.

CARE's part of the program would be packaging and supervising distribution, at a cost of \$1 a parcel, to make sure that supplies were not diverted to, say, feeding Egypt's army.

On strictly humanitarian

grounds, there are reasons for approving this program.

The one great drawback is a fear that Nasser would exploit it to build himself politically. Furthermore, if Nasser's government was not using so much of his country's resources for military purposes, it would have more left to develop food supplies at home.

**THIS SITUATION IS SIMILAR** in some respects, different in others, to the CARE program just approved for Poland.

An initial shipment of \$11,000 worth of trade tool kits, Braille devices and machinery to make artificial limbs is now being distributed in Poland.

A second, \$108,000 shipment of food, blankets, cotton and woolen suitings will reach Poland in mid-October.

A third shipment of \$2,000 worth of antibiotics is on the way.

Practically all of this aid, and more to follow, will go to the 500,000 repatriates from former east Polish lands seized by Stalin in 1939. The Russians are now releasing the Polish inhabitants of this area at the rate of 10,000 a month. Most of them are poverty stricken, many sick and crippled.

**THE AID WHICH CARE** will provide supplements the U. S. government's loan of 95 million dollars to Poland, half for the purchase of food half for machinery. The Polish government has guaranteed that none of these supplies will be reshipped to other Communist countries.

Distribution of the CARE packages is to be supervised by Americans. This is to insure that they are not seized by the gov-

ernment for resale on Poland's infamous black markets. All parcels are to be marked as American gifts.

CARE had a relief program operating in Poland from May, 1946, through December, 1949. Over two million dollars' worth of relief packages from the U. S. were distributed. Then CARE was invited out and the curtain on all American aid went down.

The new program is intended to help re-establish friendly ties between the Polish and American people. It is being announced by Executive Director Richard W. Reuter at the opening of CARE's annual Holiday Food Crusade.

For the coming year CARE hopes to feed an average of one million people a day. This will be done through bulk U. S. surplus foods shipped to 14 countries and through individual, 22-pound parcels sent to 12 other countries for a dollar.

## Wanted: Fleas

GALVESTON, Tex., (AP)—Two students put out a call for all the fleas they could get. The pair, John Cross and Donald Dreyer, are graduate students at the University of Texas Medical Branch. They want the fleas for experiments on the incidence of dog heart worm larvae in fleas.

## AS PEGLER SEES IT

By WESTBROOK PEGLER

If the Supreme Court should decide today that two times two makes five, maybe that would be the law of the land.

There would be no legal appeal to any higher authority. The court would not have to give any reason or explanation. However, it could refer to a dream-book, written by a gypsy fortune-teller and sold for the guidance of policy-makers in the slums of New York and Chicago, as justification.

In the Integration Case, the court's decision alluded to a book by a foreigner who had spent a brief sojourn in the United States as the parasite guest of a parasitic tax-exempt "foundation" and had reached his own conclusion that Negro children's feelings suffered injury under segregation. His decision was not originally binding on anyone but himself and even he had the right to decide otherwise at his convenience.

This foreigner, a Swede, ultimately laid down a fateful proposition which is now absolutely binding on all the people of the United States and on all the courts and all the states and their governors. The proposition is that problematical and unproven injury to any person's feelings by any other person is wrong.

## So They Say..

I am president of the American Red Cross and am much interested in my work. That is the only kind of presidency I am thinking about right now.

—Gen. Alfred M. Gruenther on 1960 presidential nomination.

I hope to finish in December. —Philip Akeret of Cape May, N. J., midway in a 6,000-mile canoe trip from Hudson Bay to New Orleans.

In the future it may be possible to defend countries by nuclear weapons so mobile, or so placed, as to make military invasion with conventional forces a hazardous attempt.

—Secretary of State Dulles.

## Triple-School Seen Solution To Integration Deadlock

By DAVID LAWRENCE

Washington, Oct. 7.—The big news in the "segregation-integration" controversy is not at Little Rock but here in the national capital. The talk now is of a "compromise" solution, though really what is being proposed doesn't require either side to give up its fundamental beliefs.

For it now is realized in high places that mere withdrawal of the Federal troops from Arkansas will in and of itself settle very little. The real question is recognized as being much broader—finding some way to stabilize the whole situation throughout the country for several years to come.

The latest plan which is being considered by some of the White House advisers—though it has not yet been broached to the President himself—is being brought to the attention of several Southern leaders through intermediaries to ascertain their reaction. Some of these leaders already say they favor it in principle but want to know more details as to its possible scope.

### Triple-School System

The proposal, briefly, is that a triple system be set up in the public schools based on freedom of choice. There would come into being not only all Negro schools and all-white schools but also mixed schools. Parents would choose in which category they preferred to enroll their children. The selection and the decision, therefore, would be by the parents—not by the school authorities of city, county or state. The fathers and mothers of the children would be the judges of whether they want the psychological benefits of mixed schools or separate schools.

How would the Supreme Court view such a plan? The answer being offered is that the court would then be confronted for the first time with a specific act of Congress which would supersede any previous ruling of the court. The Fourteenth Amendment itself explicitly gives to Congress alone the power "to enforce" the terms of the amendment "by appropriate legislation."

### Would Appropriate Funds

How, it is also asked, would Congress get the right to legislate in the field of education which is supposed to be the exclusive power of the several states? The answer given is that Congress would in no sense undertake to control or regulate public schools as such but would merely appropriate money, along with the states, for public school buildings and facilities. In doing so, Congress could specify that its appropriations could be used for a triple system of school buildings and facilities. This, it is argued, would meet the constitutional question.

In many small communities, of course, the same buildings could be used by all groups, but separate classrooms or sections would be maintained for each of the divisions of students in keeping with the system of par-

ental choice. Where extra buildings or facilities are needed, appropriation bills would carry the permissive or optional form for states to follow in accordance with the desires of their citizens.

### '54 Ruling Stays

The 1954 ruling of the Supreme Court would remain in effect in so far as it would bar any "state action" that prohibits the establishment of mixed schools. The ruling also would apply, for example, against any one who exerted undue pressure on any parents in their exercise of freedom of choice under state laws.

Actually, the triple system is in effect by accident of residence in many cities, and President Eisenhower himself on Sept. 11, 1956, in his press conference publicly praised virtually the same formula when undertaken in Louisville, Ky. It permits parents to apply for transfers for their children from one school to another irrespective of residence or zone. While the color question is not officially recognized as such, freedom of choice for the parents of each group is accepted despite residential or zoning requirements of the past. Thus there are in operation—in several cities already—all-white schools, all-Negro schools and mixed schools. It is significant that the National Association for the Advancement of Colored People has not opposed what is being done in Louisville.

### Hope in Deadlock

The President's advisers who have been discussing the plan realize it may run up against the opposition of extremists on both sides in Congress, but the sponsors are confident it would have a strong public opinion behind it and that, if put into effect, it could someday come to be regarded as the greatest achievement of President Eisenhower's career. It would remove the present barriers in Congress to the passage of the bill that seeks to provide Federal aid to schools.

In any event, it is a concrete plan for discussion and offers some hope of breaking a tragic deadlock in the life of the nation. Violence by mobs or by individual agitators settles nothing and is, of course, to be deplored. The use of force—either by the National Guard or by Federal troops—to "preserve order" or "to enforce court orders" is a blight on America's effort to promote the ideal that civilized nations can settle their disputes by reason instead of by the sword.

To make the processes of reason effective, it is necessary that all sides of the debate be heard and that name calling, impugning of good faith and the emotional intolerance which refuses to hear opposing viewpoints be abandoned. Only when this is done can substantial progress be made toward the compromises and adjustments that are inevitable in dealing with social problems in a free society.

(Reproduction Rights Reserved.)

But, anyway, the Treasury could not punish anyone for for using this proposition to reduce his tax. The Supreme Court could just throw out all such convictions, even assuming that some lower courts would convict. Next generation a court educated in the progressive schools could say that 2 x 2 is anything you like. It would have the power.

It is often said that when the Supreme Court reaches a certain height of arrogant pomposity or absurdity, "reality" goes back to frustrate the theoretical inevitability of chaos. In little words, the court can't enforce its decisions if the executive branch says no. That is the theory. It worked for Andrew Jackson when John Marshall gave him the business in his brutal treatment of the Cherokees.

Marshall couldn't enforce an injunction because he didn't have an army. But if the present court wanted to enforce a 2 x 2 = 5 decision, most of the army officers and rank-and-file might throw in with the court for selfish reasons. That might be a short-cut to repeal of the income tax.

There is absolutely no limit on the absurdity or wickedness that may be laid down by this court as the Law of the Land. And the horizon of mischief, which always invites bloodshed and chaos, is billions of leagues wider now that the court has had the gall to base a decree on an irrelevant book, which might have no more meaning than hiddle-diddle.

## State's Business Activity Reaches New August Peak

ALBANY—Business activity in New York State reached a new peak in August, State Commerce Commissioner Edward T. Dickinson reported today.

The department's preliminary index of business activity, adjusted for normal seasonal fluctuations, rose to 12—the highest point it has ever reached. This was one point above the final July index and two points higher than the August, 1956 level, Commissioner Dickinson said. The business activity index is based on 100 points, computed for the 1949-50 period.

He pointed out that gains in retail and wholesale trade were primarily responsible for the healthy economic picture. Department stores in the New York metropolitan area experienced one of the most successful late-summer periods on record. The demand for fall and winter clothing was accentuated by unusually cool temperatures and end-of-summer promotions. Back-to-school buying was strong, because of record-breaking school enrollments. Factory output rose during the month, but the gain was less than usual at this season.

## Little Rock Could Prove Pivotal in Race Struggle

(Editor's Note—Nine Negro students are in school, but is Little Rock's problem solved? A Pulitzer prize-winning reporter, who has been on the scene since the violence started, leans back for a long, objective look at what has happened and what's to come. This is the first of five articles.)

By **RELMAN MORIN**  
LITTLE ROCK, Ark. (AP)—This is the eye of the hurricane, the dead center of the storm.

There is the same deceptive calm, the same oppressive feeling in the air, the sense of vast and destructive forces swirling toward disaster.

This is Little Rock.

**Tension Is Felt**  
A police car siren screams in the street. People who wouldn't have noticed it a month ago look up anxiously now. A riot starting? "I've got a loaded shotgun beside my bed," says a man. If he hears a sound in the night, he will reach for it.

At night the telephoning starts, the threats and warnings. "Who is this?" A click. The phone goes dead.

The calls come to parents. Segregationists would like to force a mass boycott of Central High School. "There's going to be trouble at school, better keep your daughter home," No name.

**Voice Threats**  
They come to the father of a boy who delivers the Arkansas Gazette, the Little Rock newspaper fighting Gov. Orval Faubus. "If you don't want something to happen to your kid..." No name.  
They even come to legislators. A man's voice says to Sen. Charles Yngling, "Understand you're in favor of a cooling-off

period instead of closing the schools. . . There's a slab at the undertaker's where you'll be cooling off."

It's hardest on the parents.

Most are letting their children go to the high school—and worrying over what the die-hards may do in reprisal.

Some are keeping their boys and girls away—and worrying for a different reason. A woman, in tears, calls the segregationist Capitol Citizens Council. "My daughter wants to go back. She's falling behind in her studies. What shall I do?"

Soldiers inside a high school. . . fights and muttered threats there. . . business slowed to a standstill. . . feeling between neighbors so deep it may never be bridged. . . the atmosphere heavy with menace, dark and brooding.

Even seeing Little Rock today, you can't believe it.

**It Did Happen**

Federal troops in a southern city? Bayonets pointed at American men and women? Impossible. All that ended 90 years ago. It couldn't happen in this day and age.

But it has happened.

Force confronts raw force now. Twice a day, the power of federal authority pushes through massive resentment to take nine Negro students to school, against the wishes of most of the people. Seventy per cent? Eighty? Who can say?

And no end is in sight in Little Rock. Nothing has been settled. A decision is postponed. But what happens when the troops are withdrawn?

**Live In Hope**

Moderates can only hope. "Maybe people will get used to it. . . Segregationists say they are simply waiting. "We can't do much now. But you'll see. . ."

What of the future?  
If the "Little Rock Nine" should be forced out of school again, it will strengthen the hands of segregationists everywhere.

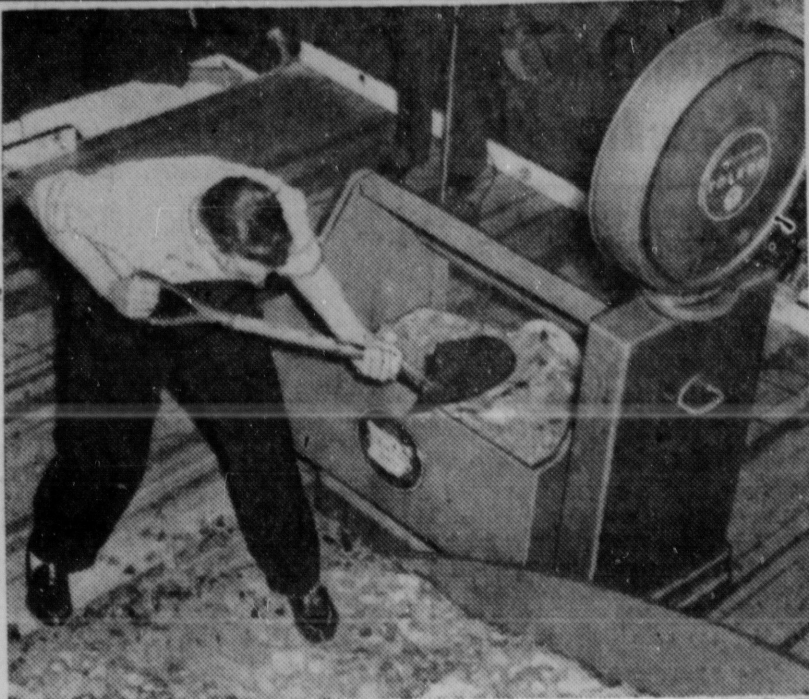

Vice versa, if they stay, will segregationist opposition go down like a row of dominoes, with Little Rock the first domino?

Further, is this to be the pattern for integration everywhere? Violence, followed by the rumble of Army trucks and naked bayonets?

In short, for both sides, a gauntlet has been thrown. Perhaps, somehow, reasoning people on both sides will find the compromise. And perhaps history will mark Little Rock as the turning-point in the greatest social struggle of a century.

(Tomorrow: How It Happened)

Smallest of the owls is the tiny elf owl of southwestern United States and western Mexico. It is hardly six inches long.

**DIGGING HIS FORTUNE**—Thomas Watson, 19, of Battle Creek, Mich., shovels his way to a small fortune in New York in the payoff of one of the oddest big prize contests of the year. Watson, a farm machinery draftsman, was allotted five minutes in which to shovel as many silver dollars as he could from a seven-and-a-half-ton pile totaling \$250,000. First prize winner in a promotion contest sponsored by a soft drink company, Watson shoveled his way to \$37,500.

## Interscholastic Debating Parley Scheduled Oct. 19

Interscholastic Debating League of Eastern New York will hold its 30th annual fall convention-tournament at Hudson High School, Hudson on Saturday, Oct. 19. Frank Sullivan will act as host.

The program for the morning will be a debate workshop in charge of Capt. William F. Lockman of the U. S. Military Academy, West Point. Under his direction the Cadets will present a demonstration debate on the subject foreign aid.

The audience will judge the success of the speaking by a shift to the side of the auditorium occupied by the team it favors.

After the debate the captain will discuss the techniques used by each team in developing their strategy. Questions to the de-

baters during the debate and questions to the chairman about procedures will be asked by the student audience after the demonstration.

In the afternoon there will be two rounds of debate on the subject Resolved: That the U. S. should substantially increase foreign economic aid. Experienced and semi-experienced teams will participate.

The schools participating in this debate league include Hudson, Columbia of East Greenbush, Ossining, Liberty, Albany, Poughkeepsie, Saugerties, Jeffersonville, Tri-Valley School of Grahamville, Peekskill, Wappingers Falls, Catskill, Hackley School of Tarrytown, Girls' Academy of Albany, Franklin of New York City and others.

The officers of the Interscholastic Debating League of E. N. Y. include Malcolm Bump, president of Saugerties; vice-president Mrs. Joan Smyth of Ossining and Frank Sullivan of Hudson; secretary, Lucile Stephens, and J. J. Hotchkiss of Columbia treasurer.

## 300 Register In Saugerties Adult Education

About 300 people have registered for the Adult Education program of Saugerties Central Schools, approximately the same number as last year.

Formal registration was held at the Mair Street School Thursday evening. The most popular course was sewing, for which 70 people registered. No more registrations can be accepted for this course.

### Other Courses Set

Other courses for which a large number of people registered were elementary drawing and sketching, the making of draperies, slip covers and curtains, and rug hooking.

Some courses for which there was insufficient registration have had to be cancelled. These include Americanization, art appreciation and survey, care of infants, effective speaking, home nursing and first aid, household mechanics for women, home owner's clinic, senior citizens, social security, and square dance instruction. People who had registered for these courses will have their registration fees returned to them within a few days.

Some courses did not quite meet the minimum registration requirements but the courses will be continued for a few more days to see if there are additional registrations. Anyone interested in any of these courses should register at once either by mail or by coming to the school. No one should wait to register at a class since there might not be enough registrations to warrant holding one class.

Courses for which additional registrations are needed are ceramics, elementary electricity and electronics, English for foreign-born adults, German, high speed longhand, hobby shop and woodworking, law everyone should know, metal work, photography, seasonal sports, slide rule, and string orchestra.

Stud the white frosting of a cake with small pieces of semi-sweet chocolate, arranging them in a pattern if you like.

## Leaves From Boyle's Notebook

By **HAL BOYLE**

**NEW YORK (AP)**—Things a columnist might never know if he didn't open his mail:

That the surest way to get an ulcer is to waste your time mountain climbing up molehills.

That in the 18th century England a proper gentleman always washed his hands after handling money.

That the world's largest infant, according to the fisherman magazine, is the baby blue whale. It measures upward of 25 feet at birth.

### Fruit Name Neighbors

That in some South Pacific islands natives literally "lie the knot" when they get married. . . Friends of the newlyweds join them together with a grass rope.

That whatever our neighbors across the seas think of Uncle Sam, he's no tightwad. . . Federal spending from 1789 through June 30, 1957 totaled \$1,151,000,000,000.

That Bob Apple and Annie Lemon are next door neighbors on Peachtree street in Nashville, Tenn.

That the male lion, one of the most handsome of all animals, is also one of the least fickle. . . He often spends his entire life with the same mate.

That inflation has hit Africa. . . the price of a wife in one tribe has gone up to nine goats and six jars of beer.

That in a five-mile race a buffalo could probably outrun the fastest thoroughbred that ever lived.

### Crazy About Ernie

That the guacharo, a South American bird, is so fat the natives melt it for use as butter.

That Edie Adams, star of "Li'l Abner," is so crazy over her husband, Ernie Kovacs, that she has his photo pasted on the dial telephone in her dressing room. . . and does your wife do this for you?

That the poodle belonging to chanteuse Fernanda Montel is probably the most confused dog in show business. . . Every month she changes its name—just for good luck.

Michigan borders on four of the five Great Lakes.

# THE MOST POWERFUL GASOLINE ANY CAR CAN USE!

**ACCELERATING**—Unless your gasoline has sufficient octane, it can't burn evenly . . . can't deliver full power for maximum acceleration. Super Shell has all the octane any car needs for full-power acceleration.

**CRUISING**—And Super Shell has toluene, a major power ingredient of aviation fuel. This gives Super Shell more energy for extra mileage at cruising speeds.

**PASSING**—When you accelerate at highway speeds to pass, your engine's running at maximum temperatures. Super Shell has heat-stable aviation fuel components to give your car knock-free power for safe passing.

Super Shell instantly and automatically supplies any engine with the full octane value required for knock-free power . . . under every driving condition

SUPER SHELL was developed because many of today's powerful engines can't deliver full power on premium grade gasoline.

Super Shell is a new grade of gasoline . . . packed with power ingredients used in aviation fuels.

This power pack automatically supplies any car with the octane it needs under every driving condition.

This means you get maximum acceleration from a

standing start . . . more mileage while cruising . . . extra power for safe passing at highway speed.

And this power will last—thanks to TCP.\* TCP additive neutralizes power-wasting engine deposits.

So if you still use a premium grade of gasoline—switch to Super Shell for better performance than ever. Fill up at your Shell Dealer's new white pump!

\*Shell's Trademark for this unique gasoline additive developed by Shell Research.

Switch to **Super Shell** with TCP

## CACHES OF CASH

Caches of cash—many of them of substantial size—are lying around unemployed, awaiting favorable working conditions. They crop up in the most unexpected places.

Early this year a big stock speculator unloaded a portfolio of equities when the Dow-Jones industrial averages were fluctuating between 500 and 510. He believes by 1960 they will sell off to 400 and perhaps lower. Anyhow, that is what his charts indicate and he has implicit confidence in them.

His problem is just this: What should he do with large bank balances earning nothing while he awaits a market decline? Well, as I have pointed out in this column recently, the obligations of the United States Government are made to order for him.

Uncle Sam pays the interest on his bonds promptly and when they mature, the owners can get their cash if they want it. And right now is the most favorable time in decades to buy such bonds.

## Short-Term Bonds

If he believes stocks will reach low price levels in about 18 months, he can buy U. S. Government 1½ per cent notes due on April 1, 1959, for about 96 cents on the dollar. The yield to maturity would be about 3.48 per cent. Why let a lot of money remain unemployed when such high-grade, short-term bonds can be bought?

If he thinks the stock market break will come in 1960, he can buy government 1½ per cent notes due on April 1, 1960, for about 94 cents on the dollar, affording a yield of 3.69 per cent.

Or, here are two brothers operating a relatively small business. From July 1, 1956, to July 1, 1957, they enjoyed the best business ever. For the first time in ten years they have not had to borrow money at banks with accounts receivable as security.

In fact, right now they have \$30,000 in demand deposits not needed in their current operations. Who knows, maybe they will need this money in five years? In the meantime, should it earn nothing?

No, indeed. Government bonds suitable for the sound investment of these dollars are available. For about \$27,500 they can buy 30 thousand of such obligations paying 2½ per cent yearly. An issue of such bonds maturing on Aug. 15, 1963, may be had at a discount of about 3 per cent and the yield to maturity would be around 3.85 per cent.

## Use as Security

If, before maturity date, they should need working capital, they could pledge them as security against a bank loan where their checking account is carried.

A young man has recently purchased a \$25,000 forty-year endowment policy due when he will be 68 years of age. He has just bought with stock market profits \$10,000 of U. S. Government 3 per cent bonds due on Feb. 15, 1965.

The bonds have actually cost him nothing. He paid \$8,730 for them. He will receive \$300 a year annually in interest on these bonds and this will be used to help pay his insurance policy premium. Thus, stock market profits broaden and deepen his entire financial base.

Government bonds at present discounts should attract thousands of persons today.

## THE FORUM

(Q) "Why are you so enthusiastic about government bonds?"

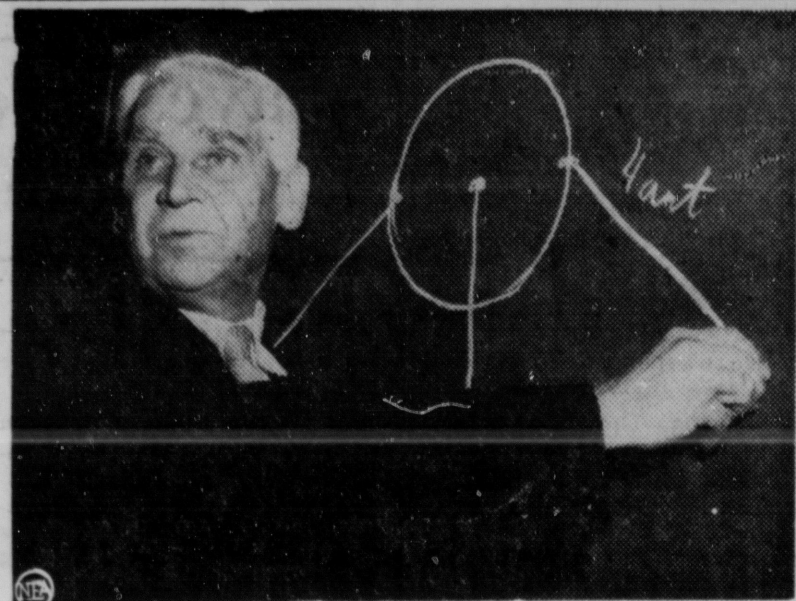

B. E. K. (A) For a variety of reasons: Thousands of people need money on idle dollars; "tight" money conditions might be eased in a year or two and government bonds prices would advance; Uncle Sam's credit is the best in the world and he always pays off his bondholders at face value.

Harry C. France will answer one letter each week through this column. If you have any investment questions, write in care of this newspaper.

(Copyright 1957, General Features Corp.)

## Spaniel Returns

OWENSBORO, Ky., (AP)—When Hugh Shelton returned to his parked car, his beloved cocker spaniel had disappeared. After a two-hour search, Shelton drove back to his farm alone. Two days later he returned to Owensboro, parked his car in the same place, and walked into a newspaper office to advertise for his dog. Shelton returned to his car, and underneath it was the dog, which had found the familiar auto and was awaiting his master's return.

**AN EXPLANATION**—Russian scientist A. A. Blagonravov uses a rough sketch of the earth satellite that was launched by Russia. He's shown in Washington, D. C., where he explained it to the International Conference on Rockets and Earth Satellites. Blagonravov said it was a sphere with four antennas, three showing in this sketch, and contained only a radio transmitter and power supply. (NEA Telephoto.)

## Hope Is Russians

ravov, a top Soviet satellite specialist who attended an IGY meeting here last week.

A second Soviet satellite, Blagonravov said, would be an IGY project. He said all information obtained from its flight would be shared with scientists of other nations.

## Advices Observations

Blagonravov was asked if the Russians plan to share data they get from the present satellite. He replied that American scientists can obtain very useful information from their observations of it "and they can use this information for the calculations concerning the orbit of it and for the launching of their satellite."

The head of the U. S. satellite project said that in a week or so, when the satellite begins making its passes over the United States at twilight, "we can check by optical observations." Hagen said this could be done with binoculars and small telescopes.

## Discrepancy on Distance

At Pasadena, Calif., Dr. W. H. Pickering, chairman of America's IGY working group on tracking and computation, said the Red sphere's closest approach to the earth may be about 300 miles, "although its average height above the earth is 380 miles." The Russians had said their satellite was traveling about 560 miles out in space, but did not say whether that was maximum, minimum or average distance. Hagen estimated the satellite's orbit took it an average of 400 miles from the earth.

Blagonravov estimated that the Russian satellite would stay aloft about a month. But, Pickering said the sphere probably will have an extremely long life.

## State is Calling

said, "have stimulated general public concern with tax matters."

## Must Be Corrected

"If the property tax is to continue to be a strong element of local government finance, serious inequalities must be corrected." Revision of a century-old law directing that real property be assessed at full value for tax purposes was recommended.

As an alternative, the committee recommended a law that would require assessment at a uniform percentage of full value.

## Called Misleading

The committee said the full-value law was misleading. It gave this example: A taxpayer, knowing the full value of his home, would not be likely to complain if it were assessed at less than full value. But the property might be overassessed in relation to similar properties on the same roll. He then would be paying an excessive tax while thinking he was being favored.

The advisory group called for a comprehensive and coordinated effort to ensure "qualified assessors, adequately compensated, with reasonable training and advisory services... (and) basic tools, such as tax maps and assessors' manuals."

The committee said it was drafting recommendations toward those ends.

## Cooperation Sought

The committee said "cooperation and willingness to be helpful must be forthcoming from all levels and units of government... if assessments are to be substantially improved in a short period of time."

The unit called for effective review procedures for handling taxpayers' complaints about assessments.

The full-value law, if enforced, would mean changes in practically all assessments every year, the committee said, and "this would almost certainly increase taxpayer confusion and would not necessarily improve assessments."

The committee said that drastic changes in valuations since the depression and changes in building techniques also were factors in the "unsatisfactory condition" of many rolls.

## Financial and Commercial

NEW YORK (AP)—Russia's man-made moon boosted aircrafts and other missile-making stocks early this afternoon but the stock market as a whole was lower.

The missile-related stocks were ahead from 1 to 3 points as Wall Street anticipated bigger spending as an answer to the Soviet success.

But key stocks elsewhere in the list fell as much as 2 points or so as brokers reported scare selling based on nervousness about the general situation.

Quotations of Morgan Davis & Co., members of the New York Stock Exchange, 63 Wall Street, New York city, branch office, 41 John Street, R. B. Osterhout, manager.

## Blatter in Hawaii

Specialist Third Class Edward M. Blatter, 20, whose parents, Mr. and Mrs. John F. Blatter, live in West Hurley, participated in recent organization day ceremonies of the 25th Infantry Division in Hawaii.

Specialist Blatter, a radio operator in Mortar Battery of the division's 14th Infantry, entered the Army in March 1956 and arrived in Hawaii the following December. He is a 1955 graduate of Kingston High School.

The 25th, nicknamed the "Tropic Lightning" division, was organized in 1941. His wife, Doris, is with him in Hawaii.

We won't dry your tears for you but we will put you next to something that will dry them for you. That something is The Kingston Daily Freeman classified ad which will put tear drying money in your pocket.

**CHAMBER PRESIDENT PICKS WINNER**—Robert L. Sabin, president of the Kingston Area Chamber of Commerce, picks the name of Mrs. Frank McCausland, of 86 Crane Street, as winner of a Westinghouse Laundromat during 10th anniversary celebration of J. Ellis Briggs, Inc., Saugerties road appliance dealer. Observing the ceremony are (l-r) Fred Reese, sales manager, and Donald E. Briggs, vice president. (Freeman photo.)

## Teamsters Start

scheduled to succeed Beck, to whom the convention granted leave as of that date. But Hoffa, already the teamster in all but title, probably will assume the office earlier through an arrangement revealed by Beck yesterday.

Meanwhile, about 30 "undesirables" who came here for the teamsters convention have been ordered out of town by police, a union source said.

President Hoffa denied reports that he had told police offending persons would be off the beach by the Tuesday deadline. Police would not discuss the report. The convention adjourned Saturday night after six days.

Under local law, an individual can be charged with vagrancy if he can't give a satisfactory account of himself. Persons who have served time for felonies within 10 years must report their records on arriving here or be liable to a 90-day jail sentence or \$1,000 fine.

## Anxious to Get Away

The 63-year-old Beck told news-men he had offered Hoffa his resignation effective anytime Hoffa wants it. He said that probably would be in a week or so. Beck's five-year term is scheduled to expire Dec. 1.

"Jimmy's to let me know," Beck said. "I'm terribly anxious to get away."

Beck will receive a \$50,000 a year pension as retired president. The executive board knocked out a teamsters constitutional provision which would have given Beck the title of president-emeritus at \$50,000 a year, plus some union privileges. Beck said the provision was scrapped at his request.

Hoffa plans to try to get the AFL-CIO executive committee, which meets Oct. 24, to rescind its charges of corruption in the teamsters union. He has teamster attorneys ready to go into court to block an ouster if the federation of unions won't budge.

Arizona ranks next to California in importance as a lettuce-producing state.

## Last Atom

69th since testing began in Nevada in 1951.

The 1957 series started with a tower shot on May 28. The series of 24 included tower, balloon, rocket and underground explosions in a considerable variety of force.

In Tokyo, meanwhile Japan's Central Meteorological Observatory reported that the Soviet Union exploded a nuclear bomb Sunday north of the Arctic Circle.

## Like Giant TNT Shot

An observatory spokesman said the bomb was "larger than 10 megatons," a force equivalent to that of 10 million tons of TNT. U. S. experts assume that any blast in the megaton range means

a hydrogen bomb. In Washington, a spokesman for the Atomic Energy Commission said he had no information on any new Russian test.

## KERHONKSON NEWS

KERHONKSON — Julie Feinberg, now residing at El Dorado, Ark. called here over the holiday to wish his parents, Mr. and Mrs. Abe Feinberg, and his brother, Mr. and Mrs. Henry Feinberg, a happy New Year.

Iris Wolfson celebrated her seventh birthday last week. Among the guests were: Rene Poppel, Roxie Robinson, Cory Feinberg, Sheila and Terry Lipton, Barry Poppel, and Rene Sondak and cousins.

Commander E. Quinlin and Mrs. Quinlin and son, Paul; Junior Past Commander Vincent Dunn, Mrs. Dunn and children; Mrs. Harry Lane; and Past Commander John Kilgannon and Mrs. Ida Kilgannon, past president of the Auxiliary, distributed 70 baskets of mixed fruit which supplied one ward in the Veterans' Hospital at Castle Point Sunday.

Mr. and Mrs. Lewis Mischkin were here for the holiday with their daughter and family, Mr. and Mrs. Henry Feinberg, and had dinner Wednesday evening at the Brookside Hotel.

Mr. and Mrs. Henry Feinberg saw "Little Abner" at the St. James Theater in New York City in company with Mr. and Mrs. Charles Denksom of Accord, who were in New York City as weekend guests of her parents.

Leonard Pomerantz spent three days in Albany at an Insurance Conference.

Frederick Misner, graduate of Union College, has accepted a position at Nyack teaching mathematics.

The Tobacco Unit of the Home Extension Service held its first fall meeting at the home of Mrs. Alice Lypka in Leibhardt Tuesday evening of last week. Twenty were present including three new members: Mrs. Clara Radtke, Mrs. Zenna Davis and Mrs. Kitty Lindgren. The aluminum tray project was started. Pending a final decision, the October meeting will be held Tuesday, Oct. 15, in the Leibhardt School house. Plans for a fall dinner will be discussed.

Mr. and Mrs. Van Dyke Churchwell are visiting their daughter, Mr. and Mrs. Lamar Feaster, in Connecticut.

The Couples' Club of the Federated Church held its first fall meeting September 25. A program was planned for the coming year. Present were: Mr. and Mrs. Roy Conklin, Mr. and Mrs. Paul Babish, Mr. and Mrs. Vincent Dunn, Mrs. Kenneth Tompkins, Kathy DeBus and Mr. and Mrs. Edward Friedman.

Visitation of the old stone houses in Accord and vicinity of 18th century construction will be held Saturday, Oct. 12, from 11 a. m. to 5 p. m., sponsored by the Rochester Reformed Church. Lunch will be served and the tour will start from the church.

Patron Grange met Monday evening for a pot luck supper and an open meeting for installation of officers. A large group was present. Ross K. Osterhoudt, accompanied by Mrs. Osterhoudt as marshal and Mrs. Mueller as pianist and soloist, installed the new officers.

The regular monthly meeting of the Town Board will be held Wednesday evening, at which time the various estimates of officials will be presented and the preliminary budget compiled for the year 1958.

A happy event shower was tendered Mrs. Pierce Somers last Tuesday evening. About 20 ladies joined for the occasion.

Mrs. Paul Babish and Mrs. Kenneth Tompkins attended the sub-district meeting of the WSCS Friday at Ellenville ME Church. Miss Louise Nichols was guest speaker. She is a field worker for the WSCS and led a panel discussion on the intricate pattern the WSCS follows in its routine procedures throughout the year.

Mr. and Mrs. Robert Osterhoudt spent Sunday with Mr. and Mrs. Ira Bonesteel in Kingston.

The new officers of the Kerhonkson Lions Club assumed their respective position at the first meeting held on September 12. Newly elected officers are as follows: George M. Stockin, president; Irving Gilman, first vice-president; Roland A. Riegal, second vice-president; William B. Joyce, third vice-president; Saul H. Altholtz, secretary; Harold B. Rich, treasurer.

Howard Terwilliger is building a home in the Sheldon development.

Mr. and Mrs. J. Million have moved into the Corner's bungalow on the Berne Road. Mrs. Million is the former Barbara Decker.

Mrs. John Kilgannon is now employed as cashier at a local market.

Richard Lane is ill at his home.

Mr. and Mrs. Philip Korn were in Atlantic City over the weekend.

Mr. and Mrs. William Mustion were in Yonkers over the weekend to visit relatives.

Fire partially damaged the Diaz bungalow on School Hill last Friday.

E. Friedman Jr. has returned from a scout trip to England.

Miss Yetta Jacobowitz has moved in a Spiegel Apartment on Main Street for the winter. Boy Scouts and Cub Scouts took a trip to Kingston Monday.

and visited the Senate building and Forsyth Park.

School recessed Monday while teachers attended a conference in Ellenville.

Mr. and Mrs. W. E. Berge of Academy Heights have been entertaining Mr. and Mrs. Fred Spengler and Mr. and Mrs. Michael Doyle for the past two weeks.

Mr. and Mrs. Irving Gilman met their son in New York City for the holiday weekend.

The Kerhonkson Fire Company will hold its monthly meeting October 7.

Mr. and Mrs. Arthur Geary, Mel Fluckiger and Mrs. Warren Gillispie were Sunday guests of Mr. and Mrs. Ed Rose.

Mrs. Henry Decker, Poughkeepsie, spent Saturday with Mr. and Mrs. Arthur Geary.

Mrs. Ida Van Etten of Florida spent Sunday with Mr. and Mrs. Ben Markle.

Mr. and Mrs. Montzena Gray, who have been at Soper's Pine Inn at Windham for the summer, will return home Sunday.

Mr. and Mrs. Nathaniel Kellogg and daughter visited his parents, Mr. and Mrs. Bernard Kellogg, at Moscow, Pa.

Mrs. Ida Van Etten of Florida spent Monday with Mrs. Montzena Gray.

Mr. and Mrs. Harold Lipton have returned home after vacationing in southern climes.

Mr. and Mrs. Siegfried Abraham left this week by train to St. Petersburg, Fla., where they will make their future home.

About 35 members of the Kerhonkson Lions Club and their wives attended a ladies' night program Thursday evening at Indian Valley Inn at which Mr. and Mrs. Peg Leg Bates and Mr. and Mrs. Maynard DeWitt were guests of honor. Bates was made an honorary member in recognition of his contributions to the civic and community life of the Kerhonkson area and for his work in behalf of the club.

Presentation of the membership pin was made by Evald Bors-Koefoed. DeWitt was the subject of a "This Is Your Life" skit at the annual klub kapers last May and a tape recording of the kapers was a featured portion of the ladies' night entertainment program.

The fete for the club members' wives marked the end of the summer recess of the group and the club's next program will be its annual Halloween party for the youth of the community. It will be staged under the chairmanship of Carlton Schoonmaker. The group meets the second and fourth Thursdays of each month.

Mr. and Mrs. Joseph Brody and Mrs. Wilfred Kopp drove the former's daughter, Rachael, to the airport Monday from which she left for Bermuda where she has a civilian librarian job.

Mrs. Millard Davis was in Kingston Friday.

Mr. and Mrs. Sam Funkhouser of Wawarsing visited Mrs. Jennie Burger Sunday.

Bernard Brynan is on the second week of his vacation.

There will be a free get-together Saturday night after Yom Kippur fast at the Kerhonkson Jewish Center at 8:30 p. m.

The businessmen's lunch will be held at the Kerhonkson Jewish Center October 16, serving from 11:30 a. m. The annual card party will also be held Saturday evening.

Mr. and Mrs. A. Barbenell have returned to work at their respective jobs after vacationing in Canada.

Mr. and Mrs. Ben Steers have moved into their new home, which they are now renting from Mr. and Mrs. Siegfried Abraham.

Nelson Brown is ill at home. Mr. and Mrs. Robert Yeager spent the past weekend touring western New York State and Canada.

Mrs. Irving Colville is now spending a few days with her brother, Mr. Sheldon, and expects to return here with her to make his home.

Mrs. Rose McGuffey is ill at her home here.

Floyd Fuller visited relatives out of town over the weekend.

The Ladies Auxiliary of the VFW will meet Monday at 8 p. m.

The VFW Post will meet Wednesday at 8 p. m. The men are planning a card party for October 10.

Mr. and Mrs. Raymond Reynolds of Brooklyn were weekend guests of his parents, Mr. and Mrs. Harold Reynolds.

Mrs. Harold Reynolds visited Mr. and Mrs. Robert Yeager Sunday.

Mr. and Mrs. Harry North, Mr. and Mrs. Robert Yeager, Mrs. Sherman Yeager and son, Walter, attended the last of the stock car races in Middletown Saturday evening.

Mrs. Stanley Lawrence entertained at breakfast some friends Tuesday morning, including Mrs. Douglass Booth of Wawarsing; Mr. Harvey Rider, Mrs. William Davis, Mrs. Philip Davis, Mrs. Richard Morton, Mrs. Marvin Stoddard, Mrs. Leo Gazlay and Mrs. Ben Davis.

Dr. and Mrs. Alfred Feldshuh are expected to return from vacation this weekend.

Caroline Charter of East Rutherford, N. J. visited her cousins, Mr. and Mrs. Edward Smith Jr.

Mr. and Mrs. James Aliano of East Rutherford, N. J. visited

Mr. and Mrs. A. Lovgren and Mr. and Mrs. Edwin Smith Jr. visited Mr. and Mrs. Sherman Yeager last Monday.

Mrs. Fred Engle Jr. and children, Rose Marie and Fred, visited her parents, Mr. and Mrs. Sherman Yeager Monday.

The October meeting of the Accord Home Demonstration Unit will be held Wednesday evening at the home of Mrs. Edna Baker at Accord. There will be a talk on "Citizenship" by our civic leader, Mrs. Frances Weisman. The refreshment committee, with Mrs. Percy Gazlay as chairman, will be assisted by Mrs. Frances Weisman, Mrs. Julius Friedburg and Mrs. Roy Decker.

Mrs. Leo Gazlay's brick house will be among those open for visitors Saturday, October 12 in the tour of the old stone houses of the Town of Rochester.

Miss Theresa Crose, who is doing her practice teaching at Suffern, spent the weekend here with her parents.

The Mawak Family Life Group met Thursday, the first meeting of the year, at the year, at the home of Mrs. Francis McCauley.

Present were: Mrs. Raymond Korzenorfer of Kingston; Mrs. Sherman Loucks and Mrs. C. L. Hoffman of Ellenville; Mrs.

Donald Schoonmaker; Mrs. Clifford Blair; Mrs. Frank Spada; Mrs. Edward Osterhoudt; Mrs. Roy Conklin and Mrs. John Lathrop.

Mr. and Mrs. Irving West drove to Madison, N. J. Sunday where they visited their son, Moses, a student at Drew University.

Mrs. Harry St. Leger and daughter of Ohioville spent Monday with her sister, Mrs. Oscar Mackey.

Mr. and Mrs. Edward Walsh and daughter, Laurie, of Newburgh were weekend guests of Mr. and Mrs. Sherman Yeager.

## Questions -- Answers

Q—When did the Distant Early Warning (DEW) line begin operations?

A—July, 1957. Warnings can be sent to defense command centers in the United States and Canada within seconds of radar contact with enemy aircraft or missiles.

Q—Is it still the practice to introduce prominent personages seated in the gallery of the U. S. Senate?

A—No, a recent Senate resolution abolished this practice.

Q—What is the source of the Nile River?

A—Victoria Lake, the largest in Africa.

Q—What is a strange feature of the South American hoatzin?

A—It is peculiar in that it has eyelashes, a great rarity in birds.

Q—What is Mary Pickersgill's claim to fame?

A—She stitched the American flag which flew over Fort Mifflin and inspired Francis Scott Key to write the national anthem.

## Old Dutch Guild Hears Talk by Frederic Snyder

Society finds its strongest protection in energized conscience, Frederic Snyder, noted lecturer and author, told members of the Woman's Guild of the Old Dutch Church at a meeting this week.

Mr. Snyder, who spoke on "Firmness in the Right," noted this is a period when science is shaping every life on the planet. "The material force of science must be mastered by the moral force of conscience," he declared. "Society finds its strongest protection in energized conscience, not in police science. The church is not the custodian of conscience, it is the garden

for its cultivation. Those who offend moral laws are punished just as surely as those who violate physical laws."

**Creates Character**  
Mr. Snyder said the purpose of the church is not to build a society in which man can do no wrong, "but rather to create a character in the individual, which will not allow him to do any wrong."

He noted that there is not a "spot" on the globe where there is tranquility and prosperity. "Our true defense is spiritual, not material," Mr. Snyder declared.

**Quotes Lincoln**  
He quoted former President Abraham Lincoln, who said:

"Let every American, every lover of liberty, every well wisher to his posterity, swear by the blood of the revolution never to violate in the least particular the laws of the country and never to tolerate their violation by others. As the patriots of '76 died to sustain the Declaration of Independence, so to the support of the Constitution and laws, let every American pledge his life, his property and his sacred honour. Let every man remember that to violate the law is to trample on the blood of his fathers and to tear up the charter of his own and his children's liberty."

The earth weighs about 6,000 million million million tons.

## Today's Business Mirror

By SAM DAWSON

**By SAM DAWSON**  
NEW YORK (AP) — Bank profits are still climbing at a good clip but two factors could slow this down to a walk in the months ahead.

Net operating earnings of leading banks in the three months just ended are from 10 to 15 per cent higher than in the summer of 1956.

This is due to the steady rise in interest rates on loans and to the study demand of businessmen for funds for expansion and operation.

**Loan Demand Down**  
But some now sight signs of change in these two factors. Demand for business loans seems to be tapering off.

The volume of bank loans to business hasn't taken the usual fall spurt. Predictions that business won't need as much financing of expansion as in the past two years are popping up everywhere. The brake of tight money applied to the business boom seems to be working—some even fear it may work too well.

At the same time, government reports show that the total of savings is rising, meaning more funds available for lending. Together these strengthen the belief of a growing number of bankers that interest rates may have reached a peak. They could level off now after their long climb. Or they could even slip back a bit. Bolstering this view is the recent firming up of bond prices after a long slide.

If these two factors—less demand and lower rates—develop as some expect, it would mean a decline in the total of loans and no greater return, perhaps even less

of a return, upon them. The banks' gravy train ride could be ending, or at best coasting.

Bank statements being published these days mirror very clearly the state of the economy, as well as showing how the banks have prospered.

In most cases deposits are up and loans are up. Many show an increase in assets over a year ago. Some of the largest are asking their shareholders to subscribe to new issues of common stock, with the greatly increased net operating income as a talking point.

While tight money may have cut down the volume of loans the banks could have made, it undoubtedly has increased their earnings. And the loan volume is almost universally higher than a year ago.

**Defend Tight Money**  
Bankers defend tight money, moreover, on the ground that without it speculative borrowing could have got out of hand, made inflation more and more dangerous and led to a runaway boom, followed by a bust.

If inflation is halted soon, as some expect, this seems likely to be accompanied by a softening in interest rates and a drop in demand for loans. So bank profits may level off, too.

But so far the optimists can point to statistics showing that leveling off in most sections of the economy is coming on a very high plateau.

Here's why—

- No stamps to lick or envelopes to address.
- Your message lasts longer. It can be clipped and saved, read and reread, passed from reader to reader—repeating its function of telling and selling.
- The distribution of your message is a known value. Thanks to A.B.C., our paid circulation is a known commodity, both as to quantity and quality. Defined circulation patterns make it easier for you to measure the results of your advertising.

- Our circulation audience is in a mood to accept your message. Features and editorial material complement your message by helping to establish the proper frame of mind for customer acceptance of many product messages.

The atmosphere is fine. Our publication is a source of information deliberately chosen and paid for because it offers things our readers want. Messages about your products and services are their means of learning more about you.

KINGSTON DAILY FREEMAN

This symbol represents our membership in the Audit Bureau of Circulations, your assurance that our circulation facts are verified by independent audit, measured by recognized standards, and reported in standardized reports. These audited facts, available without obligation to interested persons, provide a factual basis for advertising rates, evidence of subscriber interest, facts on market coverage, and facts for appraising our circulation quality and editorial vitality.

TELEPHONE FE 8-6371

Veterans' Rights,  
Benefits Listed

Howard C. Shurter, county director of Veterans' Service Agency, and William Hartman, state veteran counselor NYS Division of Veterans Affairs, submit another in a series of articles on rights and benefits of veterans, servicemen and other dependents.

**Medical.** A veteran normally will not be hospitalized in a VA hospital simply on the basis of alcoholism. A veteran may be hospitalized with this condition, however, if he has another service-connected disability. Alcoholism as a disease in itself is not treated in VA facilities. It is a condition which is treated, nevertheless, when it results in other medical complications, a psychotic condition, or is similar to a psychotic condition.

**New Laws.** Checks for VA compensation, pension and insurance and other benefits now may be forwarded to a person's new address if he or she has filed a regular change of address notice with the Post Office department. Formerly, VA checks could not be forwarded by the Post Office department. They had to be returned and were remailed when the person receiving the benefit filed a change of address with the VA.

**Loans.** A measure which would have provided additional millions in funds for the veterans' direct loan program was passed by the Congress and pocket-vetted by the President. Funds for direct loans, therefore, may become exhausted soon. A government official testified before a Congressional subcommittee in August that the funds available at that time were expected to be depleted in "two or three months."

**Hospitalization.** A prevailing opinion that all a veteran has to

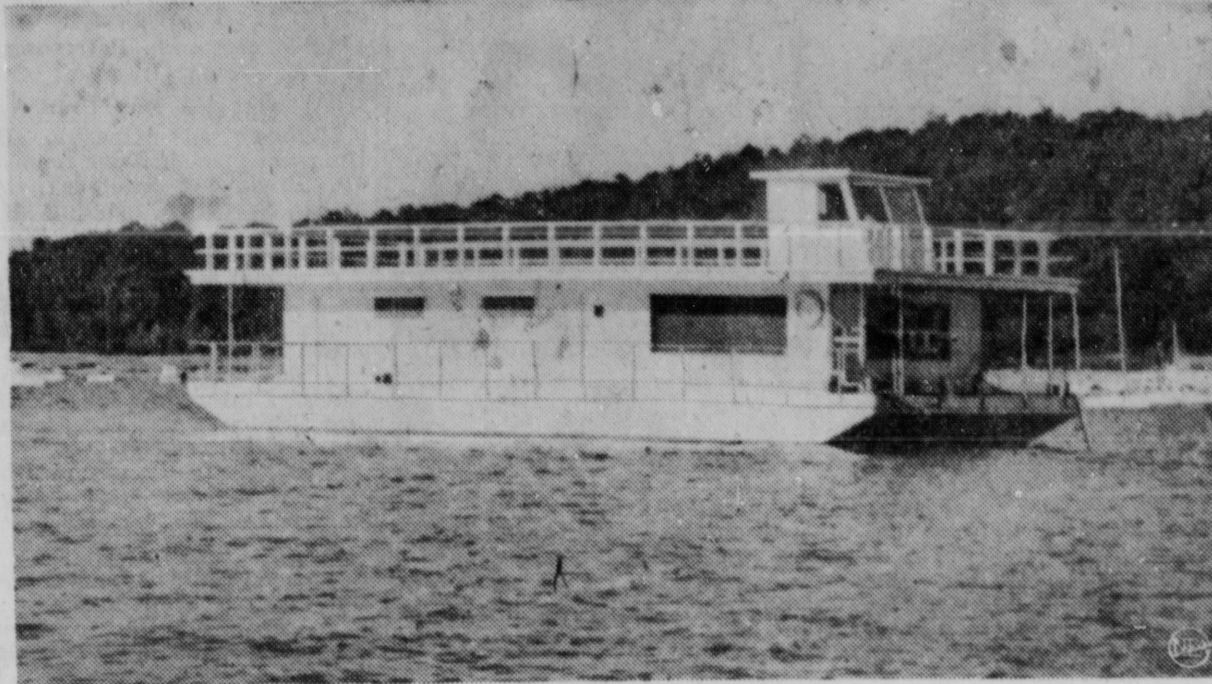

do is take his discharge and present himself in a VA hospital for immediate treatment is in error in most cases. Arrangements for admission into a VA Hospital should be made through the attending physician and a veteran affairs office.

**Pensions.** The definition of a widow for VA compensation or pension benefits was standardized last month. The new definition of a widow for the purposes of benefits administered by the Veterans Administration is that a woman will be considered a widow of a veteran: (1) if she was married to the veteran five or more years before his death or (2) for any period of time during which a child was born of the marriage. Furthermore, the new measure permits the recognition of certain marriages into which a woman entered without any knowledge of a legal impediment provided she lived with the veteran for at least five years immediately before his death.

**Insurance.** A veteran who desires to convert his National Service Life Insurance from a term plan to a permanent plan is reminded that the conversion is merely from one type of government policy to another type of policy which also is issued by the Government. No commercial company is involved in a conversion of government insurance. Therefore, it is suggested that veterans desiring to convert a GI insurance policy to another permanent plan of GI insurance contact this office to effect such a transaction.

Questions about the rights and benefits of veterans, servicemen or their dependents may be submitted for individual attention to the Division of Veterans Affairs and the Ulster County Veterans Service Agency office at 32 Main Street.

Patrick Henry declined an appointment as secretary of state.

**REAL HOUSEBOAT**—Larry Vita, a Smithtown, N.Y., contractor has built himself this \$30,000 seagoing ranch house, complete with three cedar-paneled bedrooms, two tile baths, wall-to-wall carpeting, and a fireplace. The "home," called the Driftwood, can cruise at eight knots. It is powered by three concealed 60-horsepower outboard motors.

## The Meat We Eat

By FRANK TRIPP

This cannot be a happy column but it needs to be written. It has to do with the inhuman process by which most of the meat that we eat is slaughtered. So the fainthearted are forewarned.

I haven't enjoyed my meat quite so much since I read the bulletin, "Facts About Your Meat," issued by the Humane Society of the U. S., hoping to enlist public support of efforts to correct a horrifying procedure.

Not all meat is produced by cruel practice; several firms have voluntarily adopted humane methods which include shooting, electrocution and anesthesia.

Still, in this civilized country last year ten million calves, 30 million lambs, 30 million hogs and 20 million cattle were painfully murdered by cruel slow death methods; and unnecessarily as the humane producers have proved. Only federal law can stop it.

**THE SMALLER** animals—lambs, calves and hogs—meet their death with variations of this general method:

A chain noose is put around one of the hind legs. A power hoist lifts the animal aloft. A man sticks a knife into the throat, carefully AVOIDING any spot which would bring quick death.

Then the man steps back to await death by bleeding. It takes several minutes for the suffering animal to lose consciousness while it hangs by one leg, head down, bleeding to death.

Here is the testimony of a government inspector of packing plants for the last 25 years: "When calves are slaughtered they are shackled and pulled up to an overhead rail and bled. Sometimes the hind feet are skinned out and cut off while the animal is still alive and they come out on the floor by a moving chain, still kicking."

"I have seen cattle which were knocked with the hammer and rolled out on the floor and hung up for bleeding after sticking, and the header started to skin out the head while the animal was still alive and was trying to bellow."

**THE HAMMER** method, more general with heavier cattle, depends upon a man with a sledge to stun the animal by a blow on the head. (In some plants however, even 1,500-pound animals are hoisted by one hind leg.)

Too often the sledge hammer blow doesn't stun for the duration of the slaughter, or it knocks out an eye, crumples a nose, breaks off a horn, and requires more sledge blows, as a man might chop down a tree. Often, still conscious, though immobilized, the animal is dragged from the "knocking pen" to have its throat cut. The inspector said, sometimes skinned alive.

Saugerties Sets  
Halloween Parade  
And Kiddie Party

The annual Halloween parade and party for the youngsters of Saugerties will be co-sponsored this year by Girls Community Club and Saugerties Youth Council, according to plans announced by Mrs. Albert L. Giannotti, chairman.

The parade and party will be held Halloween night, Thursday, Oct. 31. The parade of costumes through the village streets led by a local drum corps will begin at 7 p. m.

## Orchestra Slated

The party in the municipal auditorium with a dance orchestra will begin at 8 p. m.

In accordance with the usual custom prizes will be awarded for the best costumes at the party.

In previous years the annual Halloween event was conducted by Saugerties Youth Council of which Supervisor Peter M. Williams is chairman.

Music for the party at the auditorium will be provided in cooperation with Local 215, American Federation of Musicians through a grant from the music performance trust fund of the recording industry.

Ulster Kiwanis  
Meeting at 6:45  
In Rainbow Inn

President Louis Salzmann of Ulster Kiwanis Club issued a special reminder today about the change in days for weekly meetings which are now scheduled at Rainbow Inn.

Today's session will be at 6:45 p. m. and every Monday thereafter, instead of Tuesdays as formerly.

The change in days has been made, he said, in order to get accommodations at Rainbow Inn chosen in place of Acre Inn, which has been sold along with property in the area for the building of a church.

## At South Carolina

Army Pvt. Richard A. Alexander, son of Mr. and Mrs. Percy Alexander, Port Ewen, recently arrived in Aiken, S. C., and is now a member of the 1st Aircraft Artillery Battalion.

Pvt. Alexander, a gun mechanic in the battalion's Battery C, entered the Army last April and was last stationed at Fort Bliss, Tex.

He attended Kingston High School.

Albany Medical  
Students Test  
Vaccine Dosage

ALBANY—A group of students from Albany Medical College are taking part in an experiment here to measure the protection which can be obtained from different sized doses and combinations of doses of Asian flu vaccine, Dr. Harold C. Wiggers, dean of the college, disclosed today.

About 180 volunteers from Albany Medical College's student body are participating in the study, the dean said. Aim of the project, Dean Wiggers declared, is to discover the amount of vaccine that affords optimum protection and the best way of administering it.

Much smaller amounts of Asian flu vaccine than are now being prescribed, are being tested. If the value of a smaller amount is adequately demonstrated, it will be possible to make supplies of the precious vaccine go much further. One of the doses being tested contains only about one-tenth of the amount now thought to be required.

The students are receiving different combinations of two doses of vaccine separated by an interval of two weeks. After each inoculation, the students are checked to determine their antibody buildup against the flu.

The study is a collaborative effort on the part of the New York State Department of Health and the Medical College. Conducting the Health Department's phase of the study are Dr. John E. Hotchin and Dr. DuMont F. Elmendorf Jr., assistant directors of the Health Department's Division of Laboratories and Research. Dr. William P. Nelson, 3rd, assistant dean and associate professor of medicine, is directing Albany Medical College's participation.

Dean Wiggers said that some information from the tests may be available in a few weeks. The Health Department plans to continue checking the students over a period of time to see how long the vaccine offers protection. Earlier flu vaccines offered "some protection for up to a year," Dean Wiggers said.

Betts Is Treasurer  
Of Theatre Group

George Betts, of the Coach House Players, was elected treasurer of the State Community Theater Assn. yesterday at Ithaca.

Mrs. William Gratwick of Lindwood was elected president.

succeeding James W. Ford of East Aurora.

Others elected at the closing session of the group's three-day convention were: John F. Havens of Jericho, vice president; Mrs. Russell Wright of Watertown, secretary.

More than 400 delegates representing 51 theater groups attended the meeting.

### Vassar College Sets Brahms Concert Date

Boris Koutzen, violinist, and John Crouch, pianist, will give a concert on Thursday, Oct. 17 at Vassar College. The all-Brahms program by the two members of the music department faculty will include: Sonata in G major, op. 78; Sonata in A major, op. 100; and Sonata in D minor, op. 108. Area residents are invited to attend the concert which will take place in Skinner Hall of Music at 8:30 p. m.

Mr. Koutzen, born in Russia, began his musical career as a concert violinist at the age of eleven. He studied with his father, and later with Leo Zeitlin. He has toured as a soloist since 1918, both in the United States and in Europe. He made his debut as a composer in 1927.

Mr. Koutzen, who was appointed to the faculty of Vassar College in 1944, also heads the Invalid-Sick Room Supplies

violin department of the Philadelphia Conservatory of Music. He conducts both the Philadelphia Conservatory Orchestra and the Vassar College Orchestra.

Mr. Crouch, professor of music, joined the Vassar faculty in 1920. A student of the American Conservatory in Chicago, he has taught at the Kansas City Conservatory and in New York City. Among his American concerts, Mr. Crouch has given two Town Hall recitals. He has also performed for European audiences and has broadcast over both national and local stations.

### Grange News

#### Katrine Unit

Booster Night will be observed tonight at 8 at the Lake Katrine Grange.

A varied program has been scheduled. It will include a skit "Electric Fence" which will be enacted by the members.

The meeting will be opened to the public at 9 p. m. Refreshments will be served.

### Girl Scout News

#### Troop 5

## Democrats Open Rosendale Office

Rosendale Democratic Committee has opened campaign headquarters in a refurbished store adjacent to the Rosendale post office, Main Street, Rosendale. It will be open to the public seeking any information regarding registration or the general election from 1:30 p. m. to 10 p. m. seven days a week until November 5.

At a meeting of the candidates and committeemen, as well as many citizens of the town, last Thursday the platform committee reported to the group and a tentative platform was adopted. Final approval of the platform is anticipated shortly and will be published upon its adoption.

Refreshments were served. At the meeting the committee drafted a letter soliciting campaign funds under the theme "Dollars for Democrats," requesting the town citizens to support the campaign financially.

Attending the meeting were the following candidates: Supervisor, George Mollenhauer; councilman, John Foley; justice of the peace, William P. Curran, who is also chairman of publicity and platform committee; tax collector, Mrs. May Hunter, who is also campaign treasurer; town clerk, James McKeon; superintendent of highways, Gene Van Winkle; assessor, Clinton Mushlet.

## Theft Reported

John King, of 42 Highland Avenue, notified police Sunday of the theft of three hub caps, and two fender skirts from his car while it was parked on Crown Street. They are valued at \$50, he said, and were taken between 9 p. m. Saturday and 1 a. m., Sunday.

MRS. HENRY JOHN MARX (Brueggstrat Photo)

## Lickteig - Marx Wedding Is Announced; Couple Wed at St. Mary's in Milford

Miss Elisabetha Katharina Lickteig, daughter of Mr. and Mrs. Bernard Lickteig of Milford, Conn., became the bride of Henry John Marx, son of Mr. and Mrs. Henry Marx of Cottekill on Saturday, Oct. 5 at 11 a. m. in St. Mary's Church, Milford, Conn.

The Rev. Joseph Collonan, pastor, officiated at the double ring ceremony.

White chrysanthemums and gladioli decorated the church for the occasion. Mrs. Paul Erlicker was at the organ and Mrs. William Clancy sang several selections.

For her wedding, the bride, who was given in marriage by her father, wore a white pure silk gown with lace styled with a fitted bodice, scalloped edged Sabrina neckline of beaded cutwork, long silk sleeves pointed at the wrists, lace applique at the shoulderline and a very bouffant skirt. The skirt also featured front and side panels of scalloped lace. A fingertip veil of imported pure silk illusion fell from a Queen's crown of nylon tulle petals, pearl bud sprays and orange blossoms. She carried a cascade of white roses and pom-poms centered with a white orchid.

Miss Rita Lickteig, cousin of the bride, was the maid of honor. She wore a floor length gown of gold satin styled with a draped "V" neckline in criss-cross effect,

small cap sleeves, fitted princess bodice with a large bow at the back and full princess skirt. Her headpiece of matching gold pointed sequins outlined with tiny braided horsehair held a matching shoulder veil. She carried a cascade of yellow fuji chrysanthemums.

Bridesmaids included Miss Frances Armbruster of Maywood, N. J., cousin of the bridegroom, and Miss Arlene Filia of Trumbull, Conn. They wore gowns styled identically to that worn by the honor attendant.

Miss Rose Marie Ruff, cousin of the bride, was the flower girl. She wore a gown of blue fashioned with a "V" neckline, form fitting bodice, full skirt of deeper blue and back bustle. Her headpiece consisted of a blue velvet narrow band and flirtation veil. She carried a cascade of fuji mums.

A reception was held at the Knights of Columbus Hall in Milford, Conn.

The bride is a graduate of Academy of Our Lady of Mercy, Milford, Conn. Her husband attended Kingston High School and served for four years with the U. S. Air Force.

For traveling, the bride wore a black velvet sheath with black and white accessories and a white orchid.

The couple plan to make their home on Milford Point Road, Milford, Conn.

## Tillson

### Boy Scout Troop 17 Needs Scoutmaster

TILLSON — Frank Chyzik, committeeman of Boy Scout Troop 17 of Tillson, announced over the weekend that Walter Godfrey will not continue as scoutmaster of the troop, and that the committee is still hoping that someone will volunteer their services in this capacity. Godfrey, who was scoutmaster last year, requested additional assistance this year, and because of the lack of such assistance, does not feel that he can serve as scoutmaster. Through a misunderstanding, it was announced last week that Godfrey would continue as scoutmaster, Chyzik said.

A meeting of the troop will be held at the school Wednesday at 7:30 p. m. It is very important that a scoutmaster be obtained for this active troop, or it may be necessary to disband, Chyzik explained. Men interested should immediately contact Chyzik in Tillson, or attend the meeting to offer their services.

### Fire Numbers Wrong New One Listed Here

Residents of the Tillson Fire District are notified that the numbers to dial to report a fire are not the same as listed in the new telephone directory, changes having recently been made.

The correct numbers to dial are as follows: OL 8-6101, OL 8-5711 or OL 8-5481. Numbers should be dialed in the order listed.

## Farm Land Prices Continue to Rise

WASHINGTON — Prices of farm lands increased 8 per cent during the 12 months ended July 1 to continue a market boom that started with World War II.

Reporting this, the Agriculture Department said today land values advanced 3 per cent between March 1 and July 1.

The department said a number of factors affected the continued upturn. One was generally favorable crop prospects this year. Another was an improvement in farm product prices. A third was a continuing pressure to enlarge existing farms.

The department said that in some areas, the government's soil bank land retirement program was an influence.

The department estimated the value of farm real estate at \$12,400,000,000 on July 1, compared with \$104,000,000,000 a year earlier.

The increases by states included New York 7 per cent and Pennsylvania 9 per cent.

## Chest Opens \$118,500 Fund Campaign Today

Commercial and business solicitation for the Kingston Area Community Chest's \$118,500 campaign began this morning with the first in a series of breakfast meetings at the Governor Clinton Hotel.

About 30 members of the city's three service clubs—Rotary, Kiwanis and Lions—met for a dutch treat breakfast at 8 a. m., at which time prospect cards were distributed and a short discussion about the campaign for 10 agencies were presented.

### Other Sessions

Similar meetings will be held each day this week, including Saturday, when members of the Junior Chamber of Commerce will participate along with the service club men. In all, approximately 150 men will take part in the solicitation of business and commercial establishments. George Svirsky, commercial division chairman, presided at the meeting. Others who took part included Frank E. Bourke, general campaign chairman; Andrew Daley, director of training; W. Henry Haltermann, director of promotion, and John R. Warren, executive director of the Chest.

### Arrange Competitions

The service clubs among themselves have arranged friendly competitions to spark this portion of the drive. In the case of the Lions and Kiwanis, the officers of the losing club are expected to attend a regular noon meeting of the winning club and

sing the other club's official song. Today's activities bring into full swing the annual Chest "Red Feather" drive for the support of 10 agencies serving the area and area persons.

Solicitation of industrial firms for corporate gifts and employee contributions is also getting under way this week, under the industry division of which C. S. Rowland Jr., is chairman. His committee over the past two weeks has been contacting the various industrial concerns to set up machinery for the campaign among employees.

### Other Plans Listed

Larger commercial establishments—those employing 10 or more persons—have also been contacted as the Business Sponsor part of the commercial division. Harold E. Keator Jr., president of the Community Chest, heads this portion of the drive, which involves approximately 45 volunteers from the Chest member agencies.

Also in progress are the professional division, Sam S. Pepper, chairman; government division, John Ray Mayone, chairman; and advance gifts, N. LeVan Haver, chairman. This latter division has already turned in over \$10,000.

Neighborhood solicitation for those not otherwise contacted is scheduled to take place after October 15. Peter J. Kowalenko is chairman of this division.

Uncle Sam, during World War II, operated 600 laundries in the U. S. and overseas, according to the Encyclopedia Britannica.

## Insurance Agent Neighborhood Chest Drive Head

P. J. KOWALENKO

Peter J. Kowalenko, Metropolitan Insurance Company agent, has been named neighborhood division chairman of the Kingston Area Community Chest campaign.

Originally from Flatbush, Brooklyn, Kowalenko has been a Kingston resident for more than 11 years and resides at 201 West Chestnut Street with his wife,

May, and two children. With the Metropolitan Insurance Company for five and a half years, Kowalenko is a member of the "Quarter Million Dollar Club" and has received other honors for his work as an agent. A U. S. Navy veteran of World War II, he served aboard the USS Ranger and has the European Theatre ribbon with one cluster. He is a former vice president of the Kingston Area Junior Chamber of Commerce

and remains active with that organization. He has participated in past Community Chest drives in various capacities.

The neighborhood division drive in Kingston's 13 wards and the townships of Ulster, Hurley and Esopus will begin the week of October 14 and is designed to offer those not otherwise contacted the opportunity to join the Kingston Area Community Chest by contributing toward the support of 10 agencies.

## Polish Students Press Demands, Not in Rioting

WARSAW (AP) — Polish students pressed their demands for more freedom today but seemed to be backing away from the street fighting which has shaken Warsaw for four straight nights.

Carbine-carrying police went into action again last night against crowds at a busy crossroads by the Soviet-built palace of culture. The demonstrators hurled stones at passing police cars but were scattered by tear gas and clubs.

**Hurl Stones at Police**  
A government communique blamed the rioting last night on "a group of hooligans and social scum" and said "many rioters were arrested."

The brief outburst followed three nights of similar trouble during which 150 persons were arrested, according to a government announcement.

Students of the Warsaw Polytechnic School touched off the first disorders Thursday night and fought again Friday night when police attacked them.

**Avoid Rioting**  
But most of the students stayed

out of the riots of the past two nights. Police were most restrained last night but witnesses said they saw at least 20 civilians beaten. Notes of moderation were sounded by a student committee and by Stefan Cardinal Wyszyński, the Roman Catholic primate released from Communist detention a year ago when the Soviet grip on Poland was loosened. The committee appealed to students to stay away from trouble spots and not to be identified with rioters.

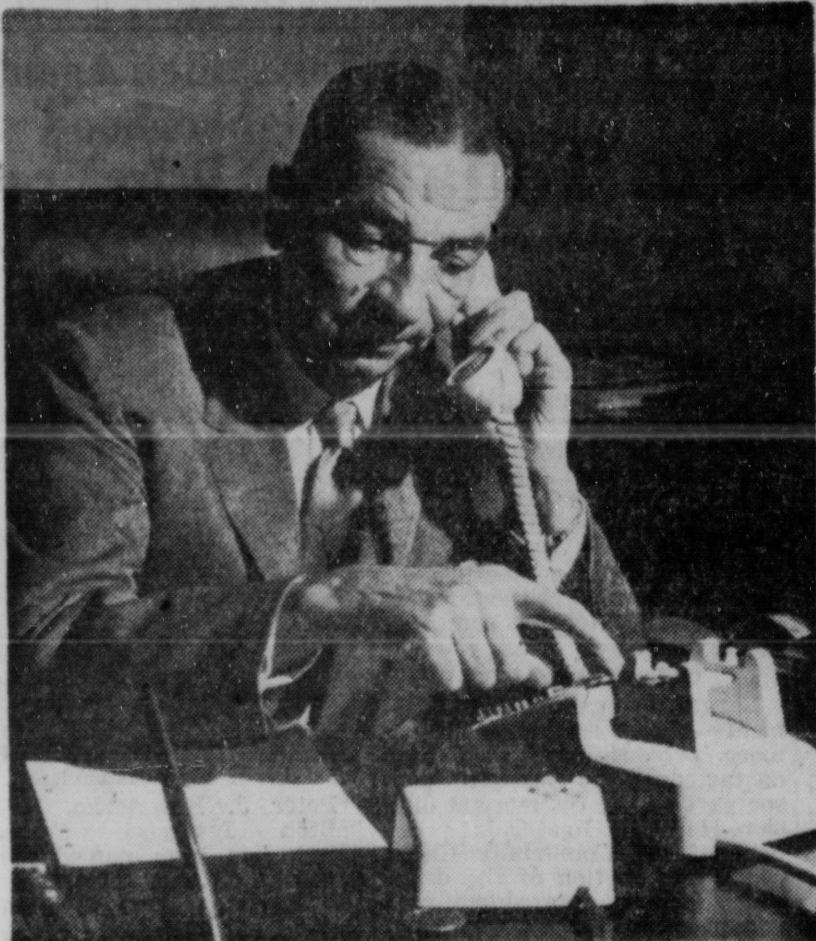

**Make Appeals**  
Student demands will be pressed by all legal methods, the committee said. Appeals already have been made to Communist leaders, led by Wladyslaw Gomulka.

The students are seeking (1) removal of last Wednesday's ban on Po Prostu, a student publication which had become a symbol of freedom prior to Gomulka's return to power but which recently has been critical of his regime; (2) Assurance that students would not be punished for their original protest of the paper's banning, and (3) Correction of one-sided press reports.

**Urges Respect**  
Cardinal Wyszyński made his appeal last night in St. Anne's, the students' traditional church, during the riots a short distance away.

"I well understand your fight for freedom of speech and thought," he said, "but respect what you have. You must remember that our country is in a difficult situation. By working hard you will build a better future."

**Critic Dies**  
ROCHESTER (AP) — George L. David, 70, retired drama critic of the Rochester Democrat and Chronicle, died today of a throat ailment. He had worked as a reporter, editor and critic for Rochester newspapers for almost half a century. He was a native of Parish, Oswego County, and a graduate of Syracuse University.

**FIRST COAST-TO-COAST DIAL CALL**—Mayor Frederick H. Stang makes the first long distance dial call from a telephone in his office to Justin Evenson, vice mayor of San Diego, Calif. The two mayors, both of whose cities now have direct distance dialing, exchanged greetings and keys to their respective cities.

## Stang Calls San Diego To Launch Dial System

Kingston's first direct distance dial telephone call was made late Saturday afternoon by Mayor Frederick H. Stang.

The historic, continent-spanning conversation took place at 2 p. m. Saturday just 13 hours before 21,350 Kingston and Saugerties telephones "went dial." Mayor Stang talked to Vice Mayor Justin Evenson of San Diego, Calif.

**New Phone Used**  
The telephone line Mayor Stang used was activated ahead of time specifically for this call. He used the telephone company's new ivory "Speakerphone" which permits calls to be made without lifting the receiver. A small microphone and speaker carries the conversation. The call took exactly 15 seconds from the time Mayor Stang finished dialing until Mayor Evenson's telephone rang in San Diego.

**Exchange Greetings**  
The two mayors exchanged greetings and keys to their respective cities. Mayor Stang congratulated the New York Telephone Company and other units

of the Bell Telephone System responsible for the inauguration of direct distance dialing. He said it made neighbors of San Diego and Kingston.

Robert J. Dalton, local manager for the New York Telephone Company, reported that the complex electronic brain in the Kingston central office was "not developing any headaches." Early indications were, he asserted, that few people were having difficulty with either the new dial system or the new "two-five" telephone numbers now in effect in the Kingston area.

**Booklet Instructions**  
Most people he said, were consulting either their dial instruction booklets or the information pages of the new blue directory before making their calls. Both, he observed, contain full information on how to dial.

"The machinery is under close observation during this initial phase of operation," Mr. Dalton continued. "You might compare this to a shake-down cruise of a ship. And, depending on the volume of calling and how customers use the new service, the shake-down should run from a few days to a little over a week."

something more personal. Will you please give your opinion of this?

## Good Taste Today

By EMILY POST  
(Author of Etiquette, Children Are People, etc.)

### WHEN A DOG IS A NUISANCE

Dear Mrs. Post: What is your opinion of people who come calling and bring their pets with them? We have a neighbor who brings her dog with her every time she goes visiting and I'm at my wits end as to how to put an end to this. He chews my children's toys, jumps on the furniture, etc. I don't want to offend her but I really can't take much more of this dog. She is very fond of the dog and I suppose thinks everyone should feel the same. There are three of us in the neighborhood whom this woman visits quite often and we all feel the same about it. What can we do about this problem without seeming rude?

Answer: I think the best solution will be for all three of you to tell her "Mary, we love you very much but your dog is really a trial to us. Couldn't you leave him home when you come to our houses?"

### Wedding Presents After An Elopement

Dear Mrs. Post: My daughter left home, without telling anyone, to marry a boy whom she had been going steady with for three years. They have been married now for six months. She is coming home for her first visit soon and I was wondering if it would be proper to give a reception for them at this time. The boy is from our town too, and they have many friends here. He is in the service. Would this be in good taste or might people feel that it is a bid for wedding presents? I would appreciate hearing from you on this matter.

Answer: By all means give a reception for them to show that you approve of their marriage. An invitation to the reception will not carry the slightest obligation to send a present.

**Gifts for Her Bridesmaids**  
Dear Mrs. Post: My daughter is to be married soon. As her gift to the bridesmaids she planned on giving each of them a framed wedding picture of the bride and groom. My sister does not think this an appropriate gift and that they should receive

something more personal. Will you please give your opinion of this?

Answer: I agree with your sister. It is possible that the bridesmaids might not especially want a picture of someone else's bridal party even if they are part of it.

Every letter should be written with care on the proper stationery. To improve your letters both in appearance and in wording, you will find Mrs. Post's booklet No. 502, "Etiquette of Letter Writing," helpful. Mrs. Post is sorry she cannot answer personal mail. To obtain a copy send 25 cents in coin to Dept. EP, c/o The Kingston Daily Freeman, P. O. Box 99, Station C, New York 19, N. Y. (Released by The Bell Syndicate, Inc.)

## Matter of FACT

© Britannica Junior Encyclopedia

In 1921, Jack Knight, an airmail pilot, made the first scheduled airplane flight on record. Guided by bonfires on the ground, Knight flew from North Platte, Neb., to Chicago, a distance of about 650 miles. The following year, the first air route was marked by light beacons placed at intervals so that a pilot was always in sight of the one he had passed and the one he was approaching. By 1926 the line of air route light beacons reached from coast to coast.

We won't dry your tears for you but we will put you next to something that will dry them for you. That something is The Kingston Daily Freeman classified ad which will put tear drying money in your pocket.

## Reds Report New H-Bomb Exploded

LONDON (AP) — The Russians announced today they have successfully exploded a new type hydrogen bomb. The announcement said a "powerful hydrogen device of new design" was tested at a great altitude yesterday.

**Stress Design**  
The announcement was made over Moscow radio while the world was still looking in stunned amazement for the Soviet-made moon circling the globe.

The emphasis the Soviet announcement put on the "new design" of the latest hydrogen bomb attracted special attention here. And the speed with which the Russians disclosed the explosion—the next day — was significant. Usually they wait—or even keep the tests secret even after they are detected outside the Soviet Union. The last previous reported Soviet nuclear test was Sept. 24.

Tass, Soviet News Agency, said: "In accordance with the plan of experimental work on the creation and improvement of atom and hydrogen arms in the U. S. S. R., a powerful hydrogen device of new design was tested on Oct. 6. "In the interest of the safety of the population and of those taking part in the test, the explosion was carried out at a great altitude. "The test was successful."

## Annette Dionne Plans Marriage to Student

NORTH BAY, Ont. (AP) — Olivia Dionne, father of the quintuplets, said today Annette plans to marry a university student in a private ceremony at Montreal Friday. She would become the first of the famous girls to marry.

Dionne said he knew nothing of the wedding plans until Annette, 23, and 22-year-old Germain Alard paid a surprise visit Sunday to the family home at nearby Calmar.

He said he and his wife have recently been sick with influenza and because of this, plus the short notice, they have not decided whether to go to Montreal for Friday's ceremony.

Meanwhile, in Toulon, France, Roland, last but one of the Christoffe quintuplets, died about 4 a. m. today after a five-day fight for his life.

Doctors would make no prediction about the chances of survival for the remaining baby, Michele. The five babies were born Wednesday, three months prematurely, to Mrs. Camille Christoffe, the wife of a social security official.

## Cementon Woman, Two Others Are Hurt in Collision

A Cementon woman, en route to a wedding here, and two other persons were injured in a two-car collision at Smith Avenue and Cornell Street yesterday.

A driver was arrested on a stop-sign charge after that mishap, and an arrest on a license charge followed an Abeel Street accident last night.

Mrs. Margaret Pysher, 39, of Cementon, suffered a leg injury in the first mishap reported at 12:27 p. m. yesterday. She was riding in a car owned and operated by Herbert Yelovich, 49, of Box 28, Cementon, and was en route to a wedding at St. Joseph's Church where her daughter, Eleanor, was married to Stephen Maidl, of Lomontville. The ceremony was delayed a half hour because of the mishap.

The Yelovich car was headed west on Cornell street and one owned and driven by Irving Grubman, 28, of 6 Muldowney Circle, Poughkeepsie, was headed

south on Smith Avenue. Grubman, the report said, suffered a neck injury and Sheryl Grubman, 3, was to be X-rayed for possible injuries. Mrs. Pysher was taken to Kingston Hospital in a Schultz ambulance.

Yelovich was arrested by Grubman on a charge of passing a stop-sign. He is due to appear in city court Oct. 12.

Ethrom Little, 34, of 120 Wilbur Avenue, was arrested Sunday night on a charge of driving without a license after a car he was driving struck a tree on the Buzzanco property, Abeel Street,

shortly after 6 p. m. The car was towed from the scene. Little's case was put over in city court to Tuesday to permit him time to obtain counsel.

Major Harden, 51, of 54 Gill Street, who was arrested early Saturday on a charge of passing a stop-sign at Broadway and East Strand, forfeited \$5 bail through failure to appear in court today.

## Keep Home Fires From Burning

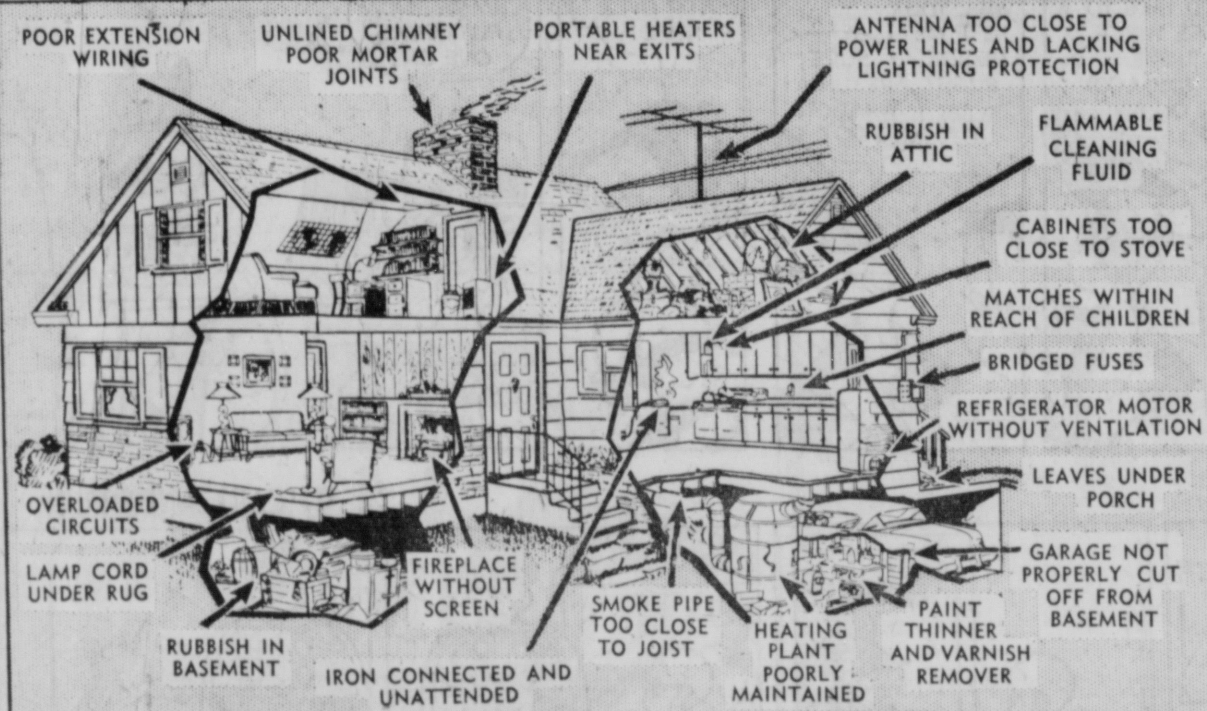

Drawing at right is the official poster for Fire Prevention Week which will be observed Oct. 6-12. The National Fire Protection Association, Boston, Mass., sponsors of the fire prevention program, urge you to check your home now against the Home Fire Hazard Chart, below, prepared by the Salt Lake City Fire Department. Statistics show that most dwelling fires start in the kitchen, 26.5 per cent, and in the living room, also 26.5 per cent. Blazes in bedrooms account for 12.3 per cent of dwelling fires, and basements 10.4 per cent. The early morning hours of 6-9 a. m. are the most dangerous, with 18.9 per cent of dwelling fires being recorded during those hours. It is also wise to prepare your family for fire. Have family fire drills. Plan alternate escape routes from your house. Leave written instructions for baby sitters. Know how to phone the fire department and the location of the nearest fire alarm box.

Make sure of their tomorrows...

**DON'T GIVE FIRE  
A PLACE TO START!**

**FIRE PREVENTION WEEK October 6-12**

## Tests for Asian Flu Held in Albany

ALBANY (AP)—Approximately 180 future doctors are taking part in a test to determine the minimum amount of vaccine needed to fight off Asian flu.

Dr. Harold C. Wiggers, dean of Albany Medical School, said yesterday that student volunteers

were being inoculated with doses much smaller than currently prescribed. One of the experimental doses contains only one-tenth of the amount normally administered.

Wiggers said it would be possible to stretch vaccine supplies if the value of a smaller dose were demonstrated adequately.

First American to enter Paris in the liberation of 1944 was Sergeant Lawrence R. Kelly.

## Young Democrats Will Meet at Rochester

ALBANY (AP)—New York's Young Democrats will meet in Rochester Oct. 25-26 to set up plans for expanding the organization throughout the state.

Donald C. Bowes, the organization's state chairman, said yesterday that an "intensive program" would be initiated.

## DO YOU REMEMBER

By SOPHIE MILLER

No doubt many folks followed the trip in the newspapers of the Mayflower 2nd sailing vessel captained by Alan Villiers from England to this country.

Captain Villiers has an excellent article in "Ships and the Sea" magazine, winter issue 1957. He covers "The Race of Sailing Schoolships."

It wasn't so many years ago that sailing vessels were going up and down our own Hudson River. It certainly would be an exciting sight if for the coming 1959 Hudson-Champlain festival a fleet or race of this sort could take place on the Hudson.

Captain Villiers also tells about his own square-rigger, the "Joseph Conrad" which he bought in 1934 and put under the British flag. He says, "She was the ideal small square-riggered schoolship." He sold her in New York at the end of her first and only circumnavigation.

He tells about this sailing vessel race which went on last July from England to Portugal. It was first dreamed of by Sir William Garthwaite, a famous shipowner, who once had run a considerable fleet of Cape Horners with a company registered right here on our own continent in Montreal. Sir Garthwaite retired to the West Indies with his dream of having sailing ships as schoolships unfulfilled. Then it took a retired solicitor, a landman who knew little about ships, E. Bernard Morgan to contact Sir William and after several years of work they brought it about. It seems Morgan knew little about sailing vessels but he had the drive, organizing ability and power to make friends and influence people and nations to finally make this dream come true.

Those readers who are interested in this race and sailing vessels may read Captain Villiers' article and see the pictures as I can only give the highlights and my knowledge of

sailing vessels is only from pictures. The race was so successful and so many automobiles with so many sightseers came from all over England that the ferry service broke down.

When it was finally decided to race from the English Channel to Lisbon, the great maritime people, the Portuguese took up the idea with enthusiasm. Other nations responded with splendid entries. Norway came in with two full-rigged ships. Belgium came in with a sleek and well-run barkentine. Sweden came over with three schoolships, two of them naval, 200 tonners built only a few years ago, and one a merchant service the "Flying Clipper," schoolship of the Flying Clipper Line.

Captain Villiers tried to get the U. S. Coast Guard to enter the bark, "Eagle," which he felt stood an excellent chance of winning in the big square-rigger class. The "Eagle" had made at least six consecutive seasons before that to Europe and Captain Villiers felt that Capt. Karl Zittel, and his officers and cadets would have given a good account of their ability.

He tells of the different countries and the names of the sailing vessels they sent over. Some vessels had other arrangements like the U. S. Coast Guard "Eagle" and a Japan vessel, some did not believe the race would ever take place, but after it was over and they saw what interest, enthusiasm and crowds it brought from all over they were sorry as it would have been such an experience.

## Troy Man Named To Head State Sportsmen's Group

ALBANY (AP)—Michael Petruska of Troy is the new president of the New York State Conservation Council.

He was elected Saturday to succeed Robert Thompson of Waverly as head of the sportsmen's organization, which claims 400,000 members.

Others elected at the closing session of the council's three-day meeting were: H. D. Whitmore of Little Valley, Robert E. Young of Albany and Clarence German of Rochester, vice presidents; Robert Scott of Poughkeepsie, recording secretary; Lyle A. Findlay of Buffalo, corresponding secretary; Clarence Betts of Hamilton, treasurer; Ralph Brady of Mahopac, assistant treasurer; and Thomas H. Crone of Rochester, counsel.

About 300 delegates attended the meeting.

## Will it always be too big for Bobby?

Bobby will be the happiest boy this side of heaven the day he gets that M.D. after his name. But right now things don't look too promising.

Bobby lives in a community where there's a serious shortage of classrooms, teachers and good schoolbooks. That means less schooling for Bobby than he needs.

Let's see that this doesn't happen in our schools. You can help by supporting our School Board, by attending PTA meetings and school conferences.

For more information write to:  
BETTER SCHOOLS

## WEST HURLEY

### P-TA Meeting Hears Talk of Mrs. Gilkey

WEST HURLEY—The first meeting of the West Hurley P-TA was held on September 24 in the school all-purpose room. Mrs. Raymond Gilkey, P-TA assistant director of the area was the principal speaker. She spoke on the aims and objects of the P-TA and how it has grown from a handful of people who met to discuss the educational problems confronting their children to its present national membership of thousands.

A lively question and answer period followed during which time Mrs. Gilkey explained many of the P-TA policies. The Rev. Richard Guice explained release time instructions that will be given to the pupils of the West Hurley Elementary School for the first time this year. These instructions will be given on request and will cover the following four themes: Bible, church, Christian living and God's word.

### Pre-School Section To Meet October 8

The pre-school section of West Hurley P-TA will be held October 8 at 8 p. m. in the all purpose room of the school. Speaker for the evening will be Miss Ann Cassidy of Ulster County Health Department.

She will hold an open discussion on the health and mental problems of the pre-school child. All parents are invited to attend.

### Teenagers' Program

The Teenage Club will start the winter program November 6. Miss Jean Hamm will be director this year. Eligible to attend are those 13 years old or in the eighth year of school, liv-

### Town Notes

Mrs. Thomas McAuliffe and Miss Ann McAuliffe spent several days in Hillsdale, N. J. Mr. and Mrs. Theodore Rose are receiving congratulations on the birth of a daughter.

Mr. and Mrs. Richard Gibbs are receiving congratulations on the birth of a son.

### Kindergarten on Picnic

Miss Louise Haynes, Kindergarten teacher, took her class to Forsyth Park to see the animals and for an outdoor picnic. Mothers who accompanied the class were: Mrs. Donald Baines, Mrs. C. Immediato and Mrs. J. Metzger.

### Troop 66 on Hike

Scouts of Troop 66 hiked to the home of James Goins Saturday for a cook-out. Scouts who made the hike were Michael Pizzarelli, Raymond Smith, Arlin Goins, Jay Molyneux, Howard Hopkins, Barry Hopkins, Jon Hammond and Daniel Davidson. Clarence Anderson accompanied the Scouts.

### Receives Eagle Award

Daniel Davidson received his Eagle Scout award at a dinner meeting of the Rip Van Winkle Council Executive Board at the Gov. Clinton Hotel. Clarence Anderson and David Davidson were guests of the board.

### List Room Mothers

A list of the room-mothers who will serve in West Hurley Elementary School are as follows: Kindergarten, Mrs. James Smith; 1st grade, Mrs. Thomas Martin; 2nd-3rd, Mrs. G. A. Nussbaum Jr.; 4th grade, Mrs. Louis Port, Mrs. Aubrey Berry; 5th grade, Mrs. Arthur Rice Jr.; 6th grade, Mrs. Lawrence Ryan, Mrs. Arthur Knight; special class, Mrs. Clarence Ostrander Jr.

Teachers were announced for the Roman Catholic release time classes at the regular meeting of the Altar and Rosary Society of the churches of St. John, St. Joan of Arc, Woodstock, and St. Augustine, West Shokan. They are: Mrs. James Smith, Mrs. Robert Finkle, Mrs. Anthony Pizzarelli, Mrs. Andrew Savage and Mrs. D. Larson.

### Mine Workers Strike Ends After 7 Months

MURDOCHVILLE, Que. — Mine workers who struck the Gaspe Copper Mines Ltd. seven months ago were ready to return to work today, but many faced the prospect of no jobs.

Members of the United Steelworkers of America voted Saturday to end a strike which was marked by violence and one miner's death after an explosion. The company told the strikers two months ago that they were fired if they did not return to work immediately. A company spokesman indicated that only 200 men were needed, since 800 were hired during the walkout. About 450 strikers remain in the area.

### Toll in School Bus Crash At Five, Driver Dies

LOS ANGELES —Toll of a school bus crash has risen to five with the death of driver Meldon Smith, 53.

He died yesterday after being in a coma most of the time since the parochial school bus plunged into a ravine last Monday. Three children were killed and a fourth died later. Twenty-three others were injured.

#### Gloria Plays the Right Card

BY OSWALD JACOBY

Written for NEA Service

The recent national tournament demonstrated that while the old-timers are still tough there is a new crop of young players coming along who are able to compete successfully against them.

Gloria Turner, a secretary from Chicago, has been playing in tournaments for five or six years. She has almost 1,500 master points but up to this year had never won a national title. This time she was a member of the team that won the mixed championship and also finished fourth in the open team of four. Unquestionably Gloria's name belongs on any list of the 10 best women players.

Today's hand shows Gloria's technique in playing a three-trump contract. The whole play was in the diamond suit. Gloria needed four diamond tricks but wanted five if possible. She won the opening spade lead and promptly laid down the queen of diamonds. The purpose of this play was to guard against all five diamonds being in the West hand.

However, both opponents followed to this lead so she continued with the ten spot. When West followed, Gloria went up

### Missing Chicago Co-ed Reunited With Her Father

CHICAGO — Marcia Horan, 21-year-old Loyola University co-ed missing from her Chicago home for more than a month, was reunited with her father in New York City last night.

Police in New York said minutes after the reunion at an unidentified airport, Miss Horan and her father, Martial, board a plane for Chicago.

### Reunited by Priest

Deputy Police Commissioner Walter Arm of New York City said the reunion of Miss Horan with her father had been accomplished by the personal efforts of a Roman Catholic priest and Capt. John Cronin, in charge of the Missing Persons Bureau.

Miss Horan had written a Chicago friend, William Cormier, 24, that she was "on the verge" of suicide.

Arm said that Miss Horan yesterday telephoned a priest at a West Side neighborhood rectory and accepted his invitation to discuss her case with him. During the conference, Arm said, the priest and Cronin then prevailed upon Miss Horan to permit them to telephone her father, who immediately took a plane to New York. The priest's name was not disclosed.

## Health for All

### Grandparents' Day

On October 13th we'll be devoting a day to the grandparents of the United States. It's only fair, considering the number of days dedicated to things like kraut and frankfurters, foot health, frozen food, cranberries, and crochets.

Let's hope the day won't be symbolized by a picture of decrepit Darby and Joan rocking on the back porch of the Old Folks Home. It's bad enough to have Whistler's Mother with her lace cap and folded hands as the symbol for Mother's Day. Modern grandparents are busy and full of beans. Grandfather Eisenhower is playing golf and running the country. Grandma Moses is painting pictures. You may be a grandparent yourself, but you don't intend to be put on the shelf.

Let's face it, however, as we get older we sometimes tend to have a few more aches and pains than we like. We shouldn't shrug them off as "just old age." The trouble may be something minor or it may be something serious which should be checked immediately before it really knocks you out. That cough you can't get rid of, for instance, might be tuberculosis. Even if it doesn't bother you very much, you can't take chances. You risk infecting others. You risk spending the rest of your life as an invalid. You even risk life itself. TB can be cured. It can be cured most easily when it's discovered early.

Let Grandparents' Day serve as a reminder to see your doctor for a thorough physical checkup. Make sure you're in good health, to enjoy the golden years ahead.

This column is sponsored, in the interest of better health, by: The Ulster County TB & Health Association, 74 John street, Kingston.

### Police Puppies

PONCA CITY, Okla., (AP)—The desk sergeant at police headquarters here didn't know how to answer a woman's call for help. She said she had two small police dogs that wanted to play and that she wanted a policeman sent out to play with them immediately.

## Will Seek FBI Aid In Maryland Case Of Cross Burning

ANNAPOLIS, Md. — Police plan to ask the FBI today for help in tracking down persons who burned a cross and hung anti-integration signs on the fence of Government House, the residence of Maryland's governor.

Gov. Theodore R. McKeldin has bitterly criticized the actions of Gov. Orval Faubus of Arkansas in the Little Rock integration situation and has blasted segregationists in Maryland as well.

McKeldin, unaware of the incident until police informed him later in the day, called the cross burning "an empty gesture, completely wasteful in time and purpose" if it were aimed at changing his position or the position of Maryland officialdom on civil rights.

### Big Catch

TOFINO, B. C., (AP)—Geoffrey Howard and Tommy Larkin, both 11, needed help to land the fish they hooked here. It was a skate fish, 5 feet long and 3 feet and 8 inches wide.

## Separated Siamese Twins Reported Well After Surgery

PHILADELPHIA —Children's Hospital reported today that 10 day-old Siamese twin girls separated by surgery are both doing well.

The children, Patricia and Pamela Schatz of Carle Place, Long Island, N. Y., were operated on Saturday. During the operation, Patricia's heart stopped and was massaged back into action by a surgeon.

The twins were joined at the pelvis but are described as normal in other respects. Patricia also suffers from a congenital heart lesion and is what is called a "blue baby."

The children were born to Mr. and Mrs. John Schatz in Mercy Hospital, Rockville Centre, Long Island. They weighed a total of 14 pounds at birth.

### Lively Party

ROGERS CITY, Mich., (AP)—It was a "lively" card party at the home of Mr. and Mrs. Earl Platz. The guests were Phoebe Hein of Deadwood, S. D., and Mable Ash of Tombstone, Ariz.

## PORT EWEN NEWS

### Fire Department Plans OpenHouseWednesday

PORT EWEN—Open house will be held at Port Ewen firehouse Wednesday from 7 to 9 p. m. for the observance of Fire Prevention Week.

Members of Port Ewen Fire Department will be host to the community and will present a special demonstration at 8 p. m. in the firehouse.

In a special message to residents of the fire district Fire Chief Edward H. Mains said, "Fire prevention is overcoming carelessness. Getting ready to fight a fire begins with prevention through construction, installation of approved appliances and extinguishers. It embraces familiarizing oneself with the telephone and other alarms to call help. It includes joining and working with the volunteer firemen and taking firemanic training."

### Anderson Homemakers Elect New Officers

Joan Ellsworth was elected president of the Anderson Homemakers Club at a recent meeting. Others designated were: Barbara Maynard, vice president; Sally Ellsworth, secretary; Linda Klippel, treasurer; Martha Strano, news reporter; Margaret Fasbender, cheer leader and Susan Bonville song leader.

New members welcomed into the club were Susan Bonville, Martha Strano, Barbara Maynard, Margaret Fasbender, Elizabeth Goodman, Carolyn Goodman and Donna Terpening.

Other members present were Joan, Sally and Mary Ellsworth and Linda Klippel.

The younger members will take the project's ABC's of Cooking and the older members will take pie time and patterns for success.

Ann Albright and Mary Ellsworth will be the leaders of the club this year.

### Activities Scheduled

Town of Esopus Post 1298, American Legion will hold its regular meeting Tuesday at 8 p. m. at the post home.

The Town Board meets at the Town Clerk's office Wednesday at 8 p. m.

The day class on advanced copper meets at the home of Mrs. John Houghtaling Wednesday from 10 a. m. to 3 p. m. Members will bring copper and equipment for repairing pieces and a box lunch.

The evening class meets Thursday from 7:30 to 10 p. m. at the home of Mrs. J. Houghtaling. Members will bring copper and equipment.

The Men's Candlepin Bowling begins Wednesday at Port Ewen Reformed Church. Teams 1 and 2 start at 7 p. m., teams 3 and 4 at 8:30 p. m.

Dorcas Society meets at the Reformed Church Tuesday at 6:30 p. m. and leave in a group to Judies Restaurant for the annual banquet. Members will bring a gift for the social hour.

Harold Story of the Port Ewen Cemetery Association has requested that all potted plants be removed from the graves by October 9.

A card party sponsored by the parent's committee of the newly formed Brownie Troop 120 will

### Scout Notes

Boy Scout Troop 26 meets Tuesday at 7 p. m. at the Reformed Church with Robert Freer, scoutmaster.

Girl Scout Troop 23 meets Tuesday at 6:30 p. m. at Presentation Church Hall with Miss Margaret Costello, leader.

Girl Scout Troop 51 meets Wednesday at 6:45 p. m. at the Reformed Church with Miss Ella Jones, leader.

Brownie Troop 120 meets Wednesday at 6:30 p. m. at the Reformed Church with Mrs. Robert Shlightner, leader.

Brownie Troop 61 meets Thursday at 6:30 p. m. at Presentation Church Hall with Mrs. William Clark, leader.

### Town Notes

Mrs. Robert Nealis and son, Robert have returned home from Benedictine Hospital.

Mr. and Mrs. Francis Dempsey and daughter, Eileen are motoring through the southern states.

Mr. and Mrs. Harry Schweigel of Richmond Hill, L. I. are spending a few days at their camp on the River Road.

Mrs. Mark D. Opliger and son, have returned home from Kingston Hospital.

### Body Is Found

OSWEGO — The body of 8-year-old Joseph C. Huppel Jr., missing from his home since Sept. 29, was found floating yesterday in Oswego Harbor.

Asst. Dist. Atty. John R. Murray issued a certificate of accidental death by drowning.

### Fatally Injured

NORWICH — Will J. Pike, a 63-year-old farmer, died in Chango Memorial Hospital yesterday of injuries suffered when the light truck he was driving struck a ditch and went into a swamp last Monday. Pike lived in North Norwich.

## Baseball Photo Wins Press Award

SYRACUSE (AP)—A photograph showing the spikes of a baseball catcher on the head of a runner sliding home, is the best-of-show winner in the 1957 New York State Associated Press Newsphoto Contest.

The picture "Earmarked For Hospital," taken by John Sarno of the Mt. Vernon Daily Argus, also won top award yesterday in the sports classification of the small paper class.

New York Daily News photographers won six prizes in the class for papers of more than 50,000 circulation.

The contest opened the annual two-day meeting of the New York

State Associated Press Assn. Business sessions began today.

Photographers from New York City and Albany took all prizes in the large-paper class.

## Protest American Car For Queen on Visit

LONDON (AP)—The Conservative Daily Sketch today protested the use of an American car for Queen Elizabeth's forthcoming U. S. tour.

"When the Queen visited Paris, a Rolls-Royce was flown over for her use," said the Sketch. "This was entirely right."

"The ordinary American can't be blamed for thinking when he sees the queen in a Cadillac: 'Gee, the Limeys have to use our cars too.'"

## Pope Praises Ike For Work Toward Peace in World

ROME (AP)—Pope Pius XII has sent greetings to President Eisenhower and expressed his "personal thanks for the tremendous work" the American leader is doing to maintain world peace.

The 81-year-old head of the Roman Catholic Church expressed this thought yesterday when he received in special audience Maxwell Rabb, secretary to the President's cabinet. Rabb carried a message of greeting from Eisenhower to the Pope.

The Pope thanked Rabb for President Eisenhower's greeting and then expressed his own "prayerful hope that the President continued in good health."

"Please convey to the President," said the Pope, "my personal thanks for the tremendous work he is doing to maintain world peace. I impart my apostolic blessing to your President, to you and to the American people."

## Elections Board Office Will Open On Saturday

For the convenience of voters the office of the Ulster County Board of Elections will be open on Saturdays until noon, in addition to the usual hours on other weekdays. The Saturday hours will be from 9 a. m. to noon. Other days the office will close at 5 p. m.

Also on the days of registration the office will remain open until 10 p. m. Those dates are October 11 and 12 and October 18 and 19.

Information in regard to polling places, or any other information about election matters may be had by calling the Board of Elections between 9 a. m. and 5 p. m. any week day or up until noon on Saturdays until election day. The new phone number of the board is FE 1-1115.

## Death of Upstate Man in Woods Is Ruled Accidental

ADAMS (AP)—A 27-year-old bridegroom-to-be, found shot to death in woods near here, was killed accidentally, a district attorney says.

The body of Gerald L. Miller of this Jefferson County village was found Saturday. He was to have been married next Saturday to Miss Virginia Bovee.

**Struck in Head**

State police said Miller apparently tripped over a fallen barbed-wire fence and was struck in the head by a bullet from his .30-40 caliber rifle.

Dist. Atty. Angus Saunders issued a certificate of accidental death.

In Cambridge, N. Y., Stanley L. Jennings, 18, wounded while hunting in woods near South Arlington, Vt., was reported in fair condition today at Mary McLellan Hospital.

Doctors said he suffered three fractured ribs and penetration of his right lung when his .12 gauge shotgun discharged yesterday.

Police said that Jennings, hunting near the New York line, sat on a log and dropped a cigarette. As he bent to pick it up, police said, the gun discharged accidentally.

## Can't Win

ALBUQUERQUE, (AP)—Nonie Tenorio, 24, Albuquerque, dropped into federal court to see how the Bernalillo County Grand Jury was proceeding. But he didn't stay long. He was spotted by deputy U. S. marshals and arrested on the spot. The curious Tenorio had been indicted the previous week on a dope charge. He couldn't understand. Hadn't

We won't dry your tears for you but we will put you next to something that will dry them for you. That something is The Kingston Daily Freeman classified ad which will put tear drying money in your pocket.

he been released on \$1,000 bond? The deputies explained Tenorio had been released on \$1,000 bond but U. S. Dist. Judge Waldo Rogers had raised it to \$10,000.

## The Magic Touch

BERLIN, Conn., (AP)—When air rifle wielding boys recently shattered scores of windows in

homes, schools and public places, Police Chief H. Theodore Strand announced that parents would be held liable for the damage.

Everyone enjoys the difference in Breyers Butter Pecan Ice Cream!

You'll enjoy it, too! For Breyers put more pecans in it... big, meaty halves of pecans that are specially dry-roasted, drenched in creamery-fresh butter, and lightly salted... while they're still hot! Then they're put in the smoothest ice cream you'll ever put a spoon to... ice cream with a difference!

## Doctors Warn Picking Spreads Warts! New Discovery Removes Warts Quickly

Amazing New Compound... Used at Home... Removes Warts Safely Without Cutting or Burning

New York, N.Y. (Special)—Medical science has linked warts with a contagious virus that may spread them to all parts of the body. Doctors say picking at warts increases the danger of spreading and urges that they be removed as quickly as possible.

Now science has discovered a new substance that removes these growths safely... without danger of cutting, burning or infection. This substance, in easy-to-use liquid form, dissolves warts, leaving normal, healthy skin. Reports show this liquid can be

safely used at home, even for children. There is no pain, no ugly scarring. In cases observed by a leading New York skin clinic, this liquid proved its ability to penetrate the wart, destroy its cells, and cause the wart to fall apart and disappear.

The name of this new liquid is Compound W\*. It is now available for the first time without prescription at drug counters everywhere for just 98¢. Compound W is guaranteed to remove warts or money refunded.

## Glancing Over TV Bill of Fare

By CHARLES MERCER

NEW YORK (AP)—A major dramatic theme of this new television season is "Suspense" over the outcome of one or another criminal act—usually murder.

Among the new offerings in this area nothing superior to old standbys has yet appeared. But among the better attempts is "Suspicion" (NBC-TV, Mondays, 10 p. m.).

Tonight comes "Murder Me Gently," starring Kurt Kasznar and Jessica Tandy. It concerns a wealthy gentleman who feels he has nothing to live for and wants someone to murder him. A lady writer of mystery stories tries to oblige him.

It will be interesting to see how tonight's show—the first live program in the series—compares with last week's Alfred Hitchcock filmed production of "Four O'Clock," the first "Suspicion" presentation.

## Second Rate Offering

"Four O'Clock" was second-rate Hitchcock because the old master and his craftsmen didn't bother to develop the characters of the jealous watch-maker and the wife he thought was unfaithful and planned to murder. E. G. Marshall and Nancy Kelly, the principals, simply didn't have material that could lift their roles above caricature. He a paranoid and she an innocent lamb.

There were moments of Hitchcock's fine symbolism: the child watching a beetle at the window of the cellar where the watch-maker, caught in his own web, saw his life ticking out. But too

many other devices used in the film were hackneyed. Nevertheless, you cared how it ended; you were in a state of suspense.

Probably the finest thing about it was the ending. The watch-maker, who had been acting insanely, was reduced to straight-jacket madness. It was a proper, tough ending. Too many suspense dramas end soft, the criminal turning out to be only a misunderstood person, the erring husband saved by his ever-loving wife.

## Marred by Softness

That softness marred the first program of "Turn of Fate" (NBC-TV, Mondays, 9:30 p. m.) which in its second offering tonight presents David Niven in something called "Circumstantial."

This is about a lawyer who gets himself convicted of first-degree murder while trying to demonstrate that circumstantial evi-

dence can convict the innocent. (It must be a quixotic lawyer who sets out to prove the obvious, but that's what it says here.)

Last week's initial offering was a silly bit about a man who thought he was a killer. But he really wasn't. Just a case of amnesia. Follow it? If you saw it, you must have. Robert Ryan came on acting like such a good guy while thinking he was a bad guy that the viewing audience knew all the time he must be a good guy. No suspense.

## Out of the Past

COMANCHE, Okla., (AP)—T. J. Morris turned up with a political campaign button that brought a lot of attention. It boosted Martin Van Buren for president—in 1836. Morris found the button behind the baseboard at his home.

# High School Trims NYMA, 18-12, for 12th Straight Victory

## Uhl Registers Twice In 2nd Half for Win

By SAM ANZALONE  
Freeman Sports Staff

There may be more pulsating games later in the year for Kingston High, but it's unlikely any will be as savagely fought as last Saturday's encounter with New York Military Academy.

Coach Bill Burke's Maroons beat the Golden Knights, 18-12, at Cornwall-on-Hudson to extend their three-year winning streak to 12 games. Tony Uhl and Hobie Armstrong did the KHS scoring, the former getting two touchdowns and Hobie the other.

It was a bruising, teeth-jarring battle all the way with vicious line play. Kingston came geared for anything and the Cadets didn't disappoint them. They used every roughhouse tactic at their disposal to thwart the Maroon, but it just wasn't enough.

NYMA did accomplish one goal—it stopped Armstrong from going on one of his usual scoring rampages. But what they didn't figure on was Uhl, an obscure fullback, who scored the last two TD's to pull it out.

**Uhl Scores**  
Uhl brought KHS from a 12-6 halftime deficit to victory with a two-yard scoring plunge in the third period and a 24-yarder in the last. The deciding TD was a beauty as the hard running fullback broke free of several tacklers to score standing up.

Armstrong got the Maroon off winging in the first period, going 36 yards on a reverse around right end. The play climaxed a 59 yard march after the opening kickoff. A key play in the drive was a Jerry McDonough punt. Marv Engle pass which ate up 28 yards. Uhl's try for the extra point was blocked.

The Cadets bounced right back to tie. They moved 77 yards in nine plays and were helped by a 15 yard penalty. John Murphy passed to halfback Tom Murphy for the TD in a play that covered 27 yards. Hedge got behind a KHS defender to haul in the peg. NYMA capitalized on a break to go ahead in the second quarter. Guard John Novak pounced on Ted Switz's fumble punt on the KHS 20 and the Knights were in business.

**Hedge Scores**  
They pushed the ball to the five on three plays and a five yard penalty and on fourth down and just inches to go John Murphy found Hedge free in the end zone and hid him for the go-ahead score. Murphy tried to pass for the extra point, but the attempt failed.

KHS drove 29 yards in five plays in the fourth minute of the third quarter to knot it. A wobbly punt of only 19 yards gave Kingston a break and set the ball in an advantageous spot.

Armstrong reeled off a key seven yards for a five down in the surge. A 15 yard penalty also helped and set the ball on the two from where Uhl bolted over. McDonough tried to pass to Engle for the conversion but the toss was wide.

Kingston's paraded 52 yards for the winning score. It took the Maroon six plays to hit paydirt. Uhl, Armstrong and Switz took turns lugging the pigskin with wily Tony blasted the final 24. Uhl was stopped

### Statistical Story

	KHS	NYMA
First downs	9	5
Rushing yardage	214	42
Passing yardage	30	54
Passes	1-5	5-15
Passes intercepted	0	2
Punts	2-30.3	4-25.5
Fumbles lost	2	0
Yards penalized	60	35

Kingston scoring: touchdowns, 2 by Uhl (2nd. plunge; 24-yd. run); Armstrong (36-yd. reverse play).  
NYMA scoring: touchdowns, T. Murphy (27-yd. pass from J. Murphy); Hedge (5-yd. pass from J. Murphy).  
Kingston..... 0 6 6-18  
NYMA..... 6 0 0-12

### Lineups

KHS (18)	NYMA (12)
Strong LE	Hodge
Spadafora LT	McDermott
Wood LG	Novak
Sammons C	Bollaci
Shaub RG	Valucourt
Peck RT	Yellin
Engle RE	Bornbush
McDonough QB	J. Murphy
Parete HB	T. Murphy
Armstrong HB	Liske
Uhl FB	Baga

Reserves: Kingston, Switz, Beadle, Corkery, DiPietro; NYMA: Cononi, Schroeder, Ash, Novak.

coid in his try for the extra point.  
Kingston held the Cadets to minus yardage in the second half. When the game ended, KHS was just ready to take over possession on the two.

Burke used only four reserves so it was a real iron-man stunt. Red Peck was hurt in the second period and had to be helped from the field. His place at tackle was taken by Rich Di Pietro who did a commendable job.

**Line Terrific**  
The entire KHS forward wall was brilliant and kept in tact their record of not being scored upon on the ground. All three TD's tallied this year against the Maroon were by passes.

If one lineman had to be singled out by this writer as outstanding, it would have to be Engle who was simply magnificent. He broke through at least six or seven times to lead NYMA backs and was chiefly responsible for tightening up the KHS aerial defense which was weak in the first half.

NYMA was penalized just 35 yards, a far cry from last year's 185. The officials only caught four infractions by the Cadets. Sixty yards was marked off against KHS.

**Dodgers Show Signs of Stress On Coast Delay**

LOS ANGELES (AP)—"Time's a wastin'" a Brooklyn Dodgers official told the Los Angeles City Council which today faces a showdown on the proposed contract to move the baseball club here.

The remark was made by Henry J. Walsh, attorney and secretary of the Dodgers, after conferring with members of the council yesterday.

The contract comes up for what is expected to be a final vote, although some minority members indicated they would try to delay action for a few days in view of the fact that the National League has given Dodgers President Walter O'Malley an extension until Oct. 15 to make up his mind about moving.

Mayor Norris Poulson says he is confident he has the 10 votes necessary to approve the contract. The council has 15 members.

Two councilmen who have opposed the contract, Patrick D. McGee and Earle D. Baker, thanked Walsh for answering their questions. Baker said:

"I hope we can have a meeting of minds so the Dodgers can come here."

Councilman John C. Holland, leader of the opposition, said: "They have minor objections. My objections are major."

## Ford and Burdette Go Today, Mathews' Homer Is Equalizer

By JOE REICHLER

MILWAUKEE (AP)—Practically a new World Series starts today as Milwaukee's Lew Burdette and New York's Whitey Ford go after their second victory in the fifth game of the October classic with an all-important 3-2 edge for the winners hanging in the balance.

With the series all square at two victories apiece, after Milwaukee's dramatic 10-inning 7-5 triumph over the Yankees yesterday, the see-saw battle must return to New York no matter what happens today.

Even the most partisan New York rooters, watching the Braves bounce back twice to pull abreast of the world champions, must be convinced by now that the Yankees are in for the fight of their lives to retain their laurels. Barring a sudden collapse by either team, the series seems almost certain to go the full, agonizing, seven-game distance.

**Another Full House**  
Another capacity crowd of 45,804 was assured for the last game to be played at County Stadium. Again the weatherman has come to the aid of the World Series combatants, assuring good baseball weather for the game, which is scheduled to start at 3 p. m.

A victory for either team today will leave the winners needing just one more triumph in New York. Since tomorrow has been set aside for travel, the issue can not be decided until Wednesday at the earliest.

Neither manager wished to divulge any pitching information beyond today—if, indeed, they know—but it looks like Wednesday's moundsmen will be Bob Uhl for Milwaukee and Bob Turley for New York. They opposed each other in the third game Saturday. Should a seventh game be needed to decide the world championship for the Braves and Don Larsen for the Yankees.

**Ford Yankee Hope**  
The immediate concern for both managers—Fred Haney and Casey Stengel, however, is today's game. In Ford, the Braves will be facing a pitcher who not only has

muffled them with five hits in a 3-1 success in the opener, but a seasoned performer who has won five World Series games and is bent on drawing nearer to the record of seven such victories held by two former Yankees, Allie Reynolds and Red Ruffing.

In Burdette, the Yankees will be facing a pitcher who has shackled them with only seven hits, only one longer than a single, in his 4-2 triumph over them in the second game.

It was the 36-year-old Spahn, ably supported by the bludgeoning bats of Henry Aaron, Frank Tomar, Johnny Logan and Eddie Mathews, who gained the all-important Milwaukee victory yesterday. He went the nerve-racking 10-inning distance despite only a three-day rest and 11 Yankee base hits that included a last ditch three-run homer by Elston Howard and a near-fatal triple by Hank Bauer.

**Cracks in Ninth**  
Until the ninth, Spahn was superb. He had limited the Yankee powerhouse to only six hits and had not permitted a run after the first inning. From the second through the seventh, he had faced the minimum of three batters an inning. Two double plays wiped out the only two hits he allowed in that interim.

A double by Andy Carey and a pinch single by Lumpe put Yankee runners on first and third in the eighth, but a third twin killing, started by shortstop Logan, snuffed out that threat. Logan, incidentally, established a series record with 10 assists.

The ninth was a nightmare for Spahn. After retiring the first two batters, the brilliant southpaw seemed certain of an easy 4-1 triumph. But a tremendous Yankee rally, coming with the suddenness of a hurricane, left not only the score tied at 4-4 but the partisan crowd of 45,804 stunned beyond speech.

Hardly before Spahn knew what had hit him, Yogi Berra and Gil McDougald singled and Howard, connecting with a 3-2 pitch, sent the ball screaming into the left field bleachers for a mighty three-run homer.

**Grim Fizzles**  
Spahn managed to wiggle out of that inning without further dam-

## Bob Phillips Grabs Three TD Passes at End

Highland plastered Saugerties High with its most humiliating defeat in history Saturday, 32-0, at Cantine Field in the traditional clash.

End Bill Phillips snared three touchdowns passes to pace Coach Relyea's gridders to their third straight DSSL success and keep them alone atop the race.

Highland built up a 26-0 halftime lead and then ran in its second string for most of the second half. Saugerties' mentor Bill Straub also pulled his first team and gave his reserves a chance to perform as the game was out of reach by that time.

Dave Burdash and Paul Bezzaro took turns hitting Phillips with payoff pitches. Burdash connected twice in the first period and Phillips hauled down one of Bezzaro's tosses in the final period.

Ralph Perry scored Highland's other TD's in the second period. Bezzaro and Mazzetti added the only two Highland extra points.

# Onteora Thumps Hunter-Tannersville, 27-7

## Weiderspeil, Gribbins Score Two TDs Apiece

Bruce Weiderspeil and Art Gribbins each scored two touchdowns as Onteora Central breezed to a 27-7 victory over Hunter-Tannersville Saturday at Boiceville.

Weiderspeil sprinted 40 and 22 yards for scores while Gribbins snared payoff pitches from quarterback Norm Boggs for 12 and 92 yards.

Conrad King kicked three straight extra points, with Boggs holding, before missing to complete the scoring for the Indians. Hunter-Tannersville tallied against a group of Jayvees late in the game on a four yard plunge by fullback Potter. Potter also converted.

**Off Tackle Play**  
Weiderspeil broke loose off tackle in the first period on his 40-yard caper. In the third period, the junior fullback turned left end and steamed into paydirt.

Boggs connected with Gribbins for the Indians' second TD in the second period. The play climaxed a 60 yard drive.

Then in the last period, Boggs fired a pitchout to Gribbins from the eighth and he hauled it in along the sidelines and ambled the rest of the way for the longest TD run of the season for the Boiceville gridders.

Onteora rolled up 182 yards rushing and 104 passing. The visitors amassed 152 yards on the ground and only 20 in the air.

The victory was the second for Coach Ed Witko's troops who open UCAI play Saturday at Walkkill.

### Statistics

	Onte.	H-T
First downs	5	2
Rushing yardage	182	152
Passing yardage	104	20
Passes	2-7	1-3
Passes intercepted by	1	3-25
Fumbles lost	2-36	2-3
Fumbles lost	2	3
Yards penalized	35	10

### Lineups

## New Paltz Tops Marlboro Team

### Scholastic Grid Scores

Following are the area scholastic football scores for weekend contests:

Kingston 18, New York Military Academy 12.  
Highland 32, Saugerties 0.  
Carmel 26, Red Hook 7.  
Poughkeepsie 13, Port Jervis 9.  
Rondout Valley 32, Walkkill 0.  
New Paltz 21, Marlboro 6.  
Wappingers Falls 20, Roosevelt 6.  
Middletown 13, Curtis High 0.  
Onteora 27, Hunter-Tannersville 7.

### Jewelers Upset Channel Master In Road Match

Three of Kingston's four Hudson Valley bowling league entries scored 2-1 victories Saturday night, while Jones Dairy was bowling 2-1 to the Middletown Merchants in a pivotal match at Middletown.

Saccaman's Jewelers upended Channel Master at Ellenville without the benefit of a "600" triple. Angie Fondino led the locals with a 553 slam. Hank Kemmerer paced the Masters with 548 in the low-scoring duel.

Bert Zimmer packed 228-204-623 and Joe Torelli fashioned 229-222-612 to pace the Merchants against Jones Dairy. The locals took the first set 963-935 but the winners rallied with 1006 and 976 to wrap up the match. Jim Amendola led Kingston with 211-587.

#### Joseph Slams 599

Ken Joseph, who went into Saturday's match with a 223 average in four games, fired 599, with 171-223-205, to pace Prospect Dairies' 2-1 nod over Walden Merchants. Frank Brink shot 201-205-579 for Walden.

The Five Merchants overcame a 658 blast by Myron Myruski to nip Landmark Inn of Florida, 2-1, at the Bowlerama. Eustice Ferraro's 211-569 topped the locals. Myruski compiled his series with 214, 209 and 235.

**The scores:**

### Stock Car Driver Killed in Mishap

LEE CENTER (P)—Donald Henderberg, 30, stock-car driver who won the 1952 race at the State Fair, was killed early Sunday when his small, foreign-made automobile skidded off a macadam road and crashed sideways into a tree.

Henderberg who lived in this community north of Rome, was alone in the car.

He had competed in many races in central and eastern New York, and in the State Fair race every year since 1952.

Floyd Diedolf scored two touchdowns as New Paltz Central defeated Marlboro, 21-6, Saturday for its second straight UCAI triumph.

Diedolf went 15 yards into paydirt in the second period and whizzed 60 yards in the third.

Bill Hess tallied the other Huguenot TD from the five in the second session. New Paltz tackled on a safety in the same period to complete its scoring.

The defeat was the second in a row for Marlboro.

**New Paltz Pos.** Marlboro

McDowell LE Sailes  
Lyons LT Stohr  
Rooney LG Henry  
Pine C Mennese  
Roberts RG Sullivan  
Weishaupt RT Capowski

### Ed Mathews Hit 2-2 Pitch For Dramatic Homer

By JERRY LISKA

MILWAUKEE (P)—The press boys virtually had to kick down the dressing room door of the delirious Milwaukee Braves yesterday.

Some 15 minutes after Ed Mathews clouted his two-run homer which gave the Braves a remarkable 7-5 victory over the New York Yankees, the sports writers spilled eagerly into Milwaukee's joyous clubhouse.

Mathews had to explain and then explain again how he measured a fast ball from the fifth Yankee pitcher, Bob Grim, to drill it over the right field fence for the final two runs of this thrilling game.

The 25-year-old Mathews, a "bust" in the first three games of the series, told of borrowing Joe Adcock's bat to break his slump of nine hitless trips. He doubled in the fourth to end the drought. Then Eddie talked of the big clout in the 10th.

"It was a fast ball I hit off Grim with a 2-2 count," said Mathews. "I knew it had the distance and I got the best feeling of my life. For a second, I got scored. Hank Bauer (Yankee right fielder) rapped his hand into his glove like he had a chance. But he didn't. It was gone."

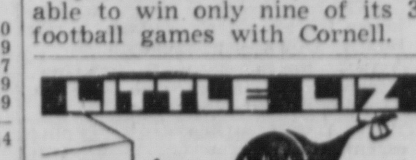

Mathews' dramatic smash came after Johnny Logan doubled home pinch-runner Felix Mantilla from second. Mantilla ran for Nippy Jones, who got plunked on the foot by Tommy Byrne while pinch-hitting for pitcher Warren Spahn.

"It wasn't just an ordinary plunking. Umpire Augie Donatelli first missed the play. Then, the ball became the object of intense scrutiny. Yankee catcher Yogi Berra seized it while Braves hollered it should be inspected for polish from Jones' shoe. Donatelli looked at it, saw the black marking and waved Jones to first."

In the dressing room, Jones said: "Certainly it hit me, right on the instep." Berra conceded the same fact in the Yankee clubhouse.

Syracuse University has been able to win only nine of its 33 football games with Cornell.

**LITTLE LIZ**

TV is no longer in its infancy, because old movies are now being replaced by old TV shows.

### Logart-Micelli Contest Heads Boxing Slate

By MURRAY ROSE

The Associated Press

Jimmy Slade, a onetime high-ranking light-heavyweight, hits the comeback trail tonight in a 10-rounder with rangy Jerry Luedee, 25, of New Haven at New York's St. Nicholas Arena.

Out of action for 15 months, the 31-year-old New Yorker is rated a slight underdog to the aggressive tree surgeon-fighter in the television bout (Dumont, 10:30 p. m.).

Slade's last outing resulted in a decision loss to heavyweight Wayne Bethea on July 16, 1956. Slade weighed a bulging 180½ pounds for that fight but he has trimmed down now to the lightweight class where he once was a topnotcher. Luedee's record is 23-5-1, Slade's 31-17-5.

Featherweight champion Hogan (Kid) Bassey of Nigeria makes his first start since winning the title in a non-title 10-rounder with Italy's Sergio Caprari at Nottingham, England, tonight.

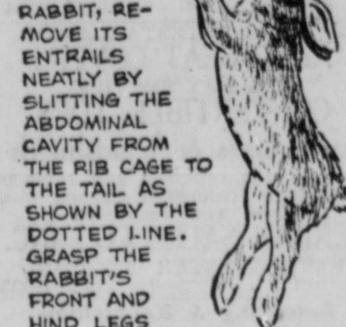

England has another international match on the program for Tuesday night. Former lightweight champion Jimmy Carter of New York tangles with Willie Towel, South Africa's British Empire 135-pound ruler, in a 10-rounder at London's Albert Hall.

The bombs should explode early Wednesday night when heavyweights Alex Miteff of Argentina and Mike DeJohn of Syracuse collide in a television bout (ABC 9 p. m., est) at the War Memorial Auditorium in Syracuse. This

### SPORTSMAN'S DIGEST By Hal Sharp

TIP FOR BETTER FLAVORED RABBITS!

AS SOON AS YOU SHOOT A RABBIT, REMOVE ITS ENTRAILS NEATLY BY SLITTING THE ABDOMINAL CAVITY FROM THE RIB CAGE TO THE TAIL AS SHOWN BY THE DOTTED LINE. GRASP THE RABBIT'S FRONT AND HIND LEGS WITH ITS BELLY DOWN. A QUICK CIRCULAR SNAP OUTWARD SENDS THE INNARDS FLYING. THEIR QUICK REMOVAL INSURES FRESHER FLAVOR.

matches a couple of 200-pound heavies each about 6-2.

Miteff, 22, is now ranked seventh contender on his perfect 12-0 record, including seven kayos. DeJohn, 25, has a 33-3-1 record, including 24 knockouts. Mike, unbeaten in his last eight fights, gets his first big chance against a ranking foe.

Isaac (Kid) Logart, Cuba's sleek welterweight contender, risks his chances for the vacant 147-pound title Friday night in a radio-TV (NBC, 10 p. m.) 10-rounder with jolting Joe Micelli, of New York at the Detroit Olympic. Logart's record is 51-6-5, Micelli's 54-29-8.

The 1957 Yale football team will have one starter from the 1956 team: Capt. Jack Embert.

Up to the middle of August, the biggest attendance at a National League baseball game was the 45,840 fans who watched Brooklyn at Milwaukee Aug. 2.

Thirty-four of the 97 candidates for this year's Navy football team held a scholastic average of "B" or above at the end of the 1956-57 academic year.

### Notes To You From The Series

MILWAUKEE (P)—Elston Howard's three run homer in yesterday's World Series game was his third in World Series play and sent the game into the 28th extra inning contest in the history of the annual fall classic.

Getting the first two men out was the easiest part of each inning for Spahn. The incomparable left hander gave up all five of the New York runs after two men were out, in the first, the ninth and the 10th.

The extra inning of yesterday's game enabled Hank Bauer to extend his World Series hitting streak to 11 games—four this year and seven last year. He had gone hitless in four trips until he tripled to put the Yanks ahead in the top of the 10th.

Red Schoendienst hit what must have been one of the shortest fly balls ever recorded in a World Series in the third inning when he lofted a high pop-up that Yogi Berra caught about one foot in front of home plate.

### SPORT BRIEFS

The Syracuse-Cornell football series didn't begin on a very happy note for Syracuse. The Big Red won the 1891 series starter by a 68-0 count.

Ten turf writers residing in the Baltimore-Washington area decide which American horses will be invited to the Laurel International.

Up to the middle of August, the biggest attendance at a National League baseball game was the 45,840 fans who watched Brooklyn at Milwaukee Aug. 2.

The 1957 Yale football team will have one starter from the 1956 team: Capt. Jack Embert.

### Minute Car Wash, Tony's Pizzeria Tie for 'B' Lead

Minute Car Wash and Tony's Pizzeria are tied for the YMCA "B" basketball league lead with two wins apiece.

The Car Wash is scheduled to play Accord Tuesday at 7 o'clock with the Pizzeria taking on Hoppey's at 8 p. m.

The standings of the "B" League and games for the week follow:

YMCA "B" League	Won	Lost
Minute Car Wash	2	0
Tony's Pizzeria	2	0
Godwin's	2	0
Boulevard Gulf	1	1
Wimpy's No. 2	1	1
Blacktops	1	1
Caruso's	1	1
Accord	0	2
Hoppey's	0	2
Texaco	0	2

#### This Week's Games

Tuesday, Oct. 8

7:00—Minute Car Wash vs. Accord

8:00—Tony's Pizzeria vs. Hoppey's

9:00—Boulevard Gulf No. 2 vs. Wimpy's No. 2

Wednesday, Oct. 9

7:00—Back's vs. Boulevard Gulf No. 1

8:00—Godwin's vs. Blacktops

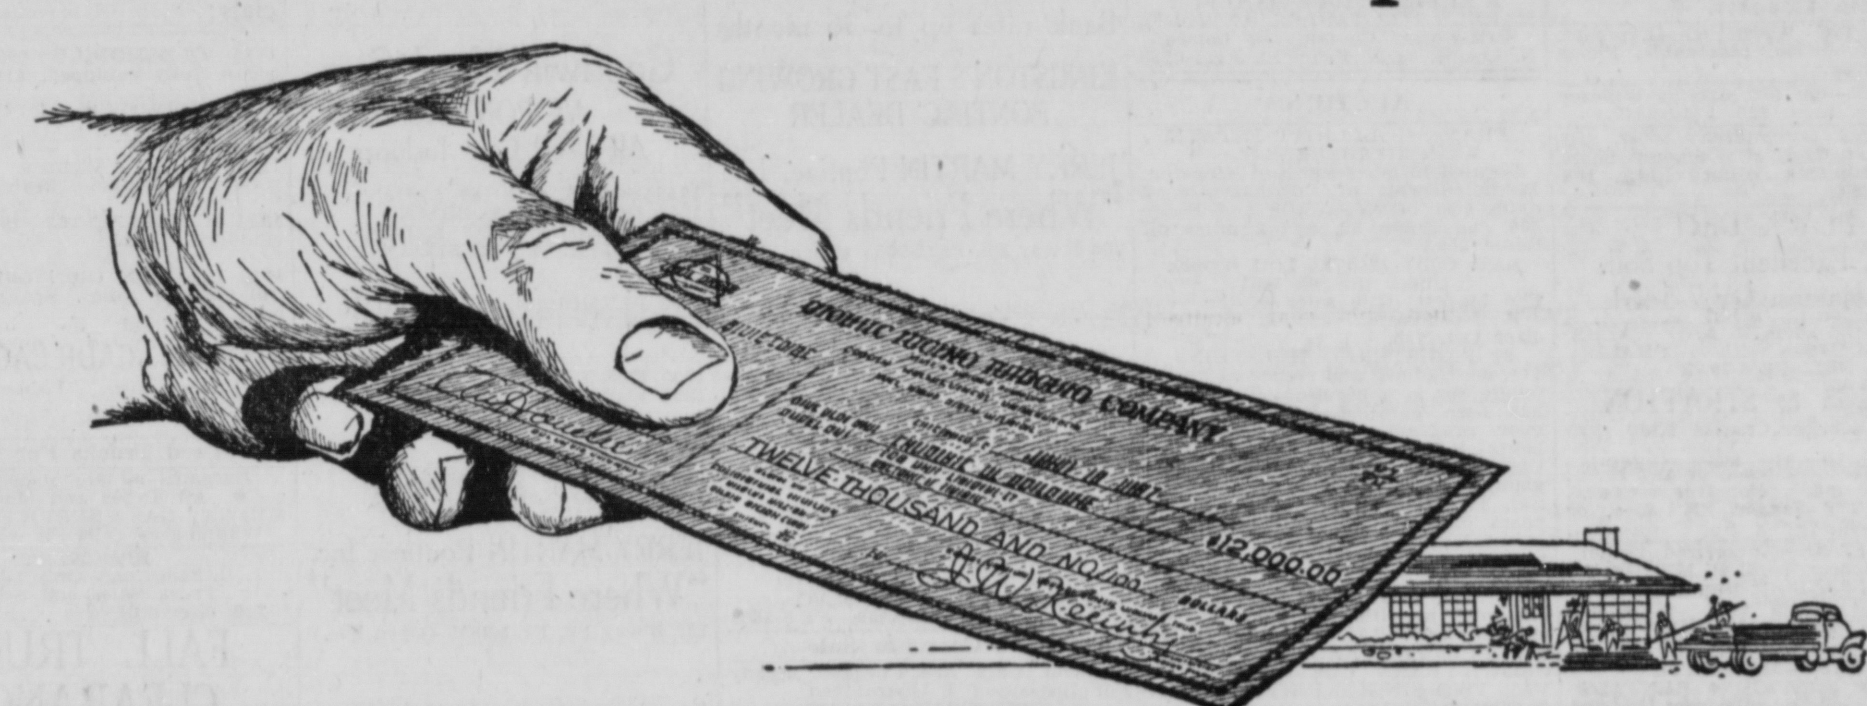

Saturday, Oct. 12

7:00—Wimpy's No. 1 vs. Harry's Angels

8:00—Caruso's vs. Texacos

All managers are requested to note the time changes on Tuesday night's contests. Scheduled for the remainder of the season are available at the YMCA.

## Bonus in Kemper Homeowners Policy means No Deduction for Depreciation!

### Ordinary Fire Insurance does not give you this protection!

If you had a fire today, chances are the present fire insurance on your house would not pay the complete cost of replacing your loss.

But, with the Kemper Homeowners Package Policy, if your house is insured to at least 80% of its present replacement value, you get this bonus: If you have a fire there is no deduction for depreciation.

For example, suppose your house is now worth \$15,000 and you have it insured for \$12,000 (80%) with a Kemper Homeowners Package Policy. In the event of even a partial loss you get the full amount of that loss up to \$12,000—with no deduction for depreciation!

This bonus is only one feature of a Kemper Homeowners Policy. The whole package covers not only fire and most other common hazards, but even includes burglary and liability protection.

With Kemper, you may save on insurance costs, too—through policyholder dividends. And Kemper offers really fast, on-the-spot claim service, backed by a coast-to-coast organization of insurance specialists.

**See Kemper National Football Scoreboard Saturdays on NBC-TV**

Kemper Insurance brings you scores of all the games immediately following each nationally televised NCAA "Game of the Week."

**Charge Soap Firm Violation in Deal To Get Clorox**  
WASHINGTON — The government charged today that Procter & Gamble Co. violated the anti-trust law in acquiring the Clorox Chemical Co. of Oakland, Calif.  
A Federal Trade Commission complaint said the big soap firm's acquisition of Clorox, which it described as the nation's largest seller of liquid household bleach, "may substantially lessen competition or tend to create a monopoly."  
It gave Procter & Gamble 30 days in which to file an answer to the complaint, and said a hearing would be held Dec. 16 in Cincinnati, corporate home of P&G.

## Mild, Autumn Weather Forecast Next 5 Days

ALBANY — The extended weather forecasts for New York State, prepared by the U. S. Weather Bureau, for the period from 7 p.m. today, to 7 p.m. Saturday:  
Eastern New York—Mild, fall-like weather will continue through most of the week and temperatures will average somewhat above normal. Some rainfall is likely Wednesday or Thursday but amounts will very likely be light.  
Western New York—Seasonable weather is indicated, with temperatures averaging near normal. Generally fair and mild until about Thursday, when a period of showers and a turn to cooler are likely. Less than 1/4 inch of rain is expected.  
Temperature Normals—Normal temperatures over upstate New York now range from early morning lows in the 40s to afternoon highs 62-68.

## Canada to Urge U. S. Buy More From Country

WASHINGTON — Canada's new Conservative government is expected to urge in talks here this week that the United States buy more Canadian goods to help balance heavy Canadian purchases.  
Cabinet level delegations met at the State Department today for a discussion of trade and economic relations. The talks will continue through Tuesday.

**Dulles Heads Group**  
Secretary of State Dulles heads the U. S. group, which also includes Secretary of the Treasury Anderson, Secretary of Agriculture Benson and Secretary of Commerce Weeks.

The group sent here by Prime Minister John Diefenbaker from Ottawa is headed by Finance Minister Donald Fleming and includes Sydney Smith, recently appointed foreign minister in the Conservative regime.

Officials said the Canadians were reported prepared to argue that the United States sells in Canada \$1,300,000,000 more each year than she buys there, and should do everything possible to help increase imports from Canada.

## Says Gambling Is Rampant in New Rochelle

NEW ROCHELLE — Mayor George Vergara says gambling is rampant in this city and that gamblers and "conniving politicians" are trying to destroy the city's police department.

Vergara said yesterday he would ask the City Council on Oct. 16 to order City Manager Edward G. Conroy to shake up the department "from top to bottom."

His decision, he said, was based upon a preliminary report on a survey conducted by George D. Eastman, police superintendent of the Port of New York Authority and former chief of the Seattle police department.

The mayor said foot patrolmen are instructed not to make investigations into vice or gambling cases but to leave these matters to a special squad.

The mayor, an independent, said the "deplorable condition" of the 136-member force existed throughout the 16-year tenure of Stanley W. Church, his Democratic predecessor.

**The Irish Gets 'Em**  
MILWAUKEE, Wis. — Michael Peter Murray Jr., 27, says an Irishman enjoys certain social and business advantages that others don't. So he filed a petition in Circuit Court asking that his name be changed to Michael Patrick Murray Jr.  
France's casualties in World War I were 1,385,000 soldiers and sailors killed. This includes combat troops only, not civilians.
